Senior, Brad Stiewell, just can't dig the music of the year in stage band.

A freshman boy crams for that next period exam in English during a spare moment at the end of gym.

Randy Price meditates while munching an apple.

look around

*'though you have eyes,
what do you see?'*

look around

Where have you been? Where are you going? What is happening? Golden Eagle will be your eyes. We will show you life at El Segundo. See the school — not just a building — but see your classmates sharing their interests and hobbies; see the War Memorial for fallen Eagles.

See the sun chase a cloud over Hazeltine Field while the Band and Drill Team practice routines for half-time. See a moment, an hour, a lifetime of memories. Teachers, books, friends, rallies, lockers, and the familiar sound of the tardy bell are all memories of school to be seen — to be cherished. Life changes . . . we go on and others take our place at ESHS. Look Around. See through the eyes of the 1970 Golden Eagle.

ESHS students relax during lunch, as the bus leaves for SCROC.

Timi Bourell and Terry Frank seem ingrossed in a demonstration speech on surfing by David Metcalf.

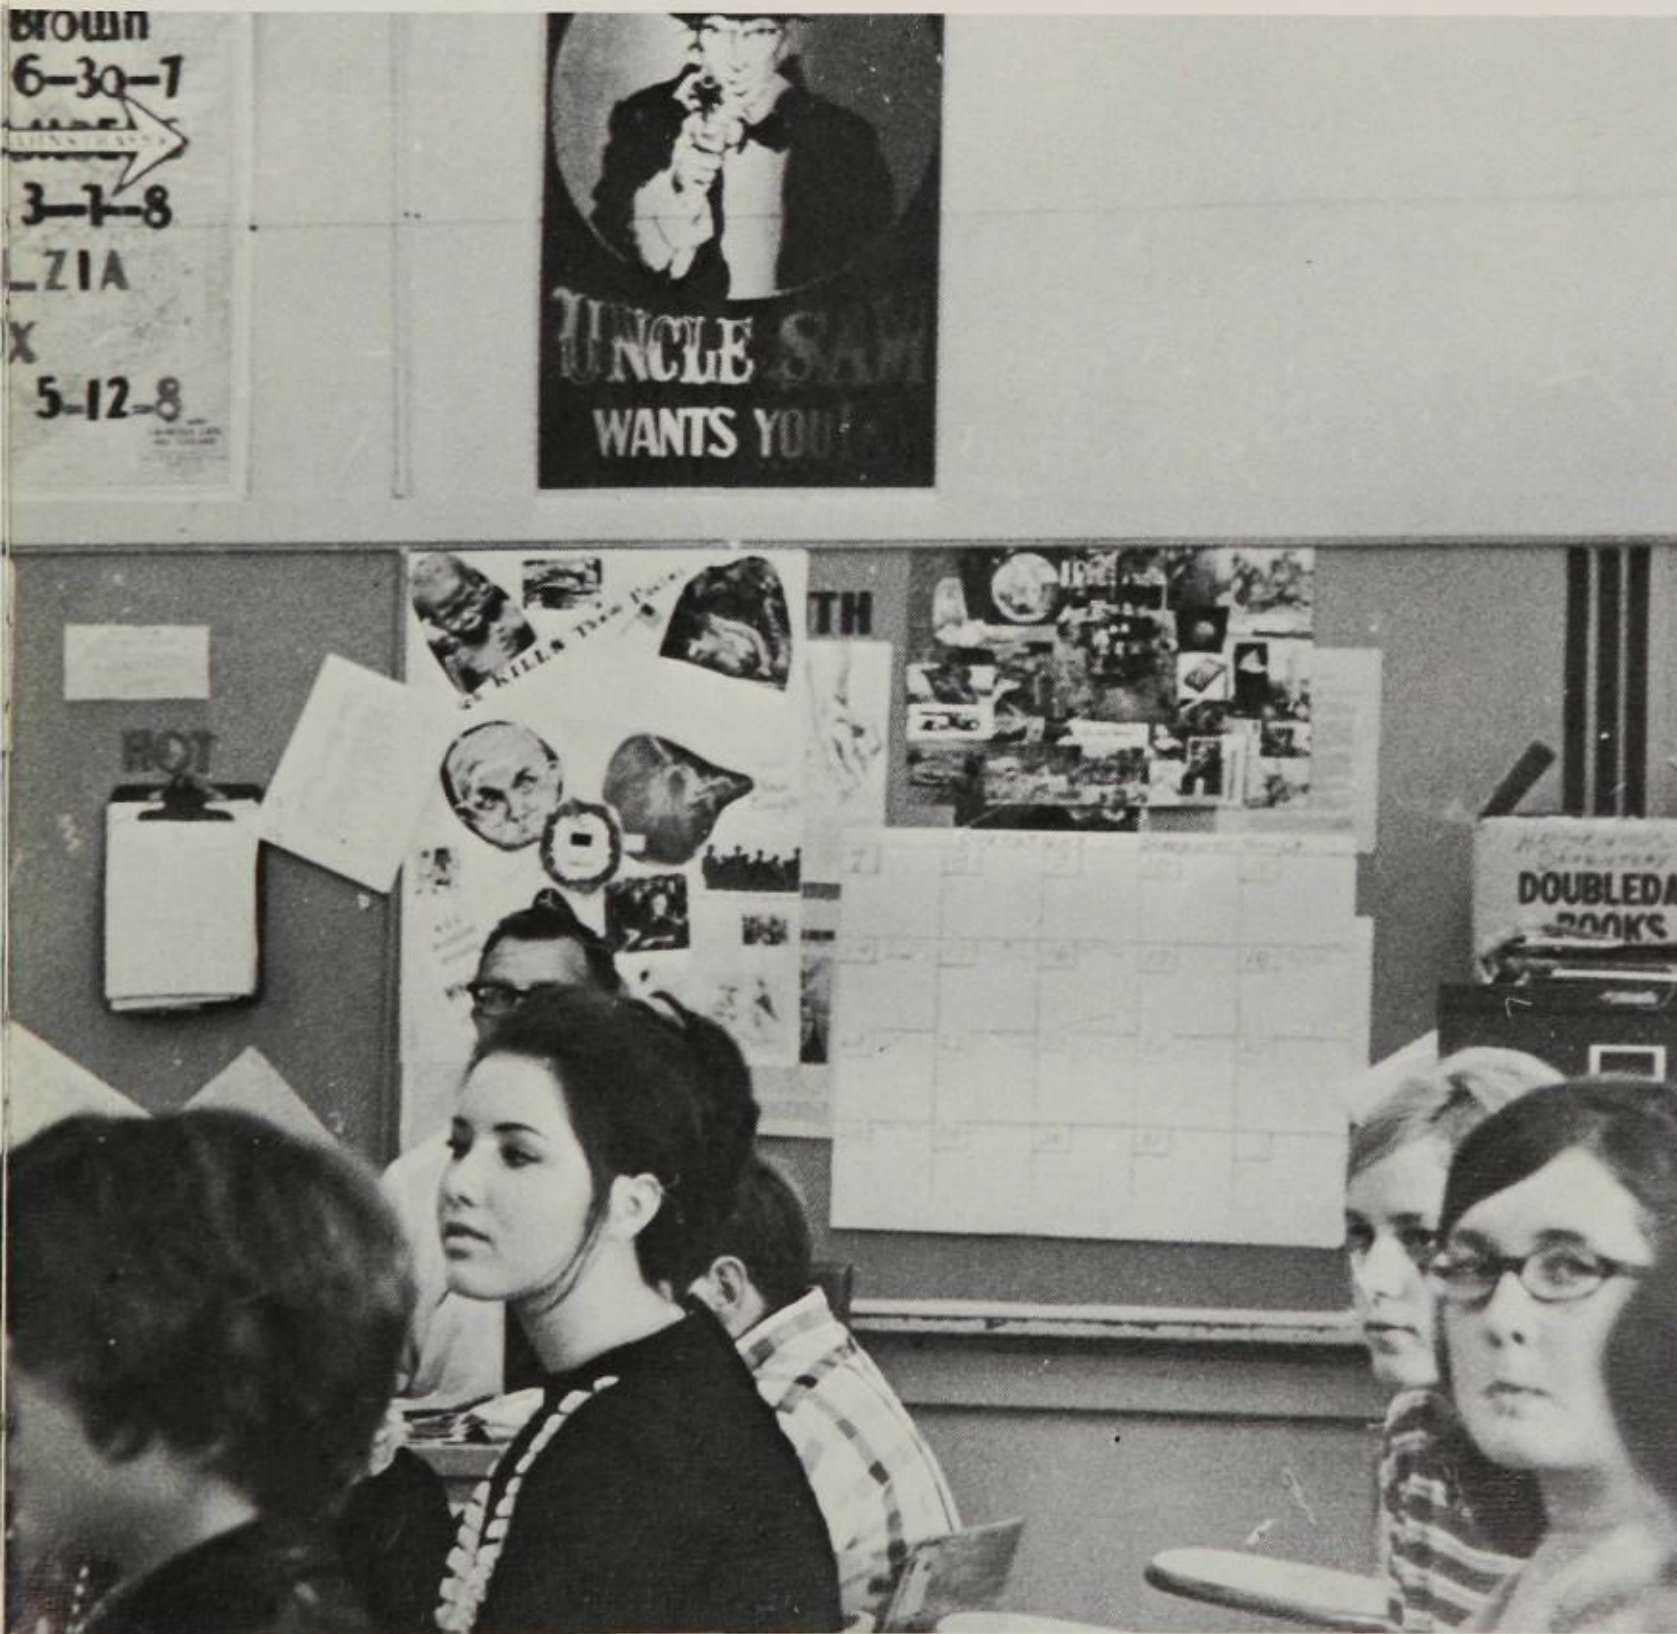

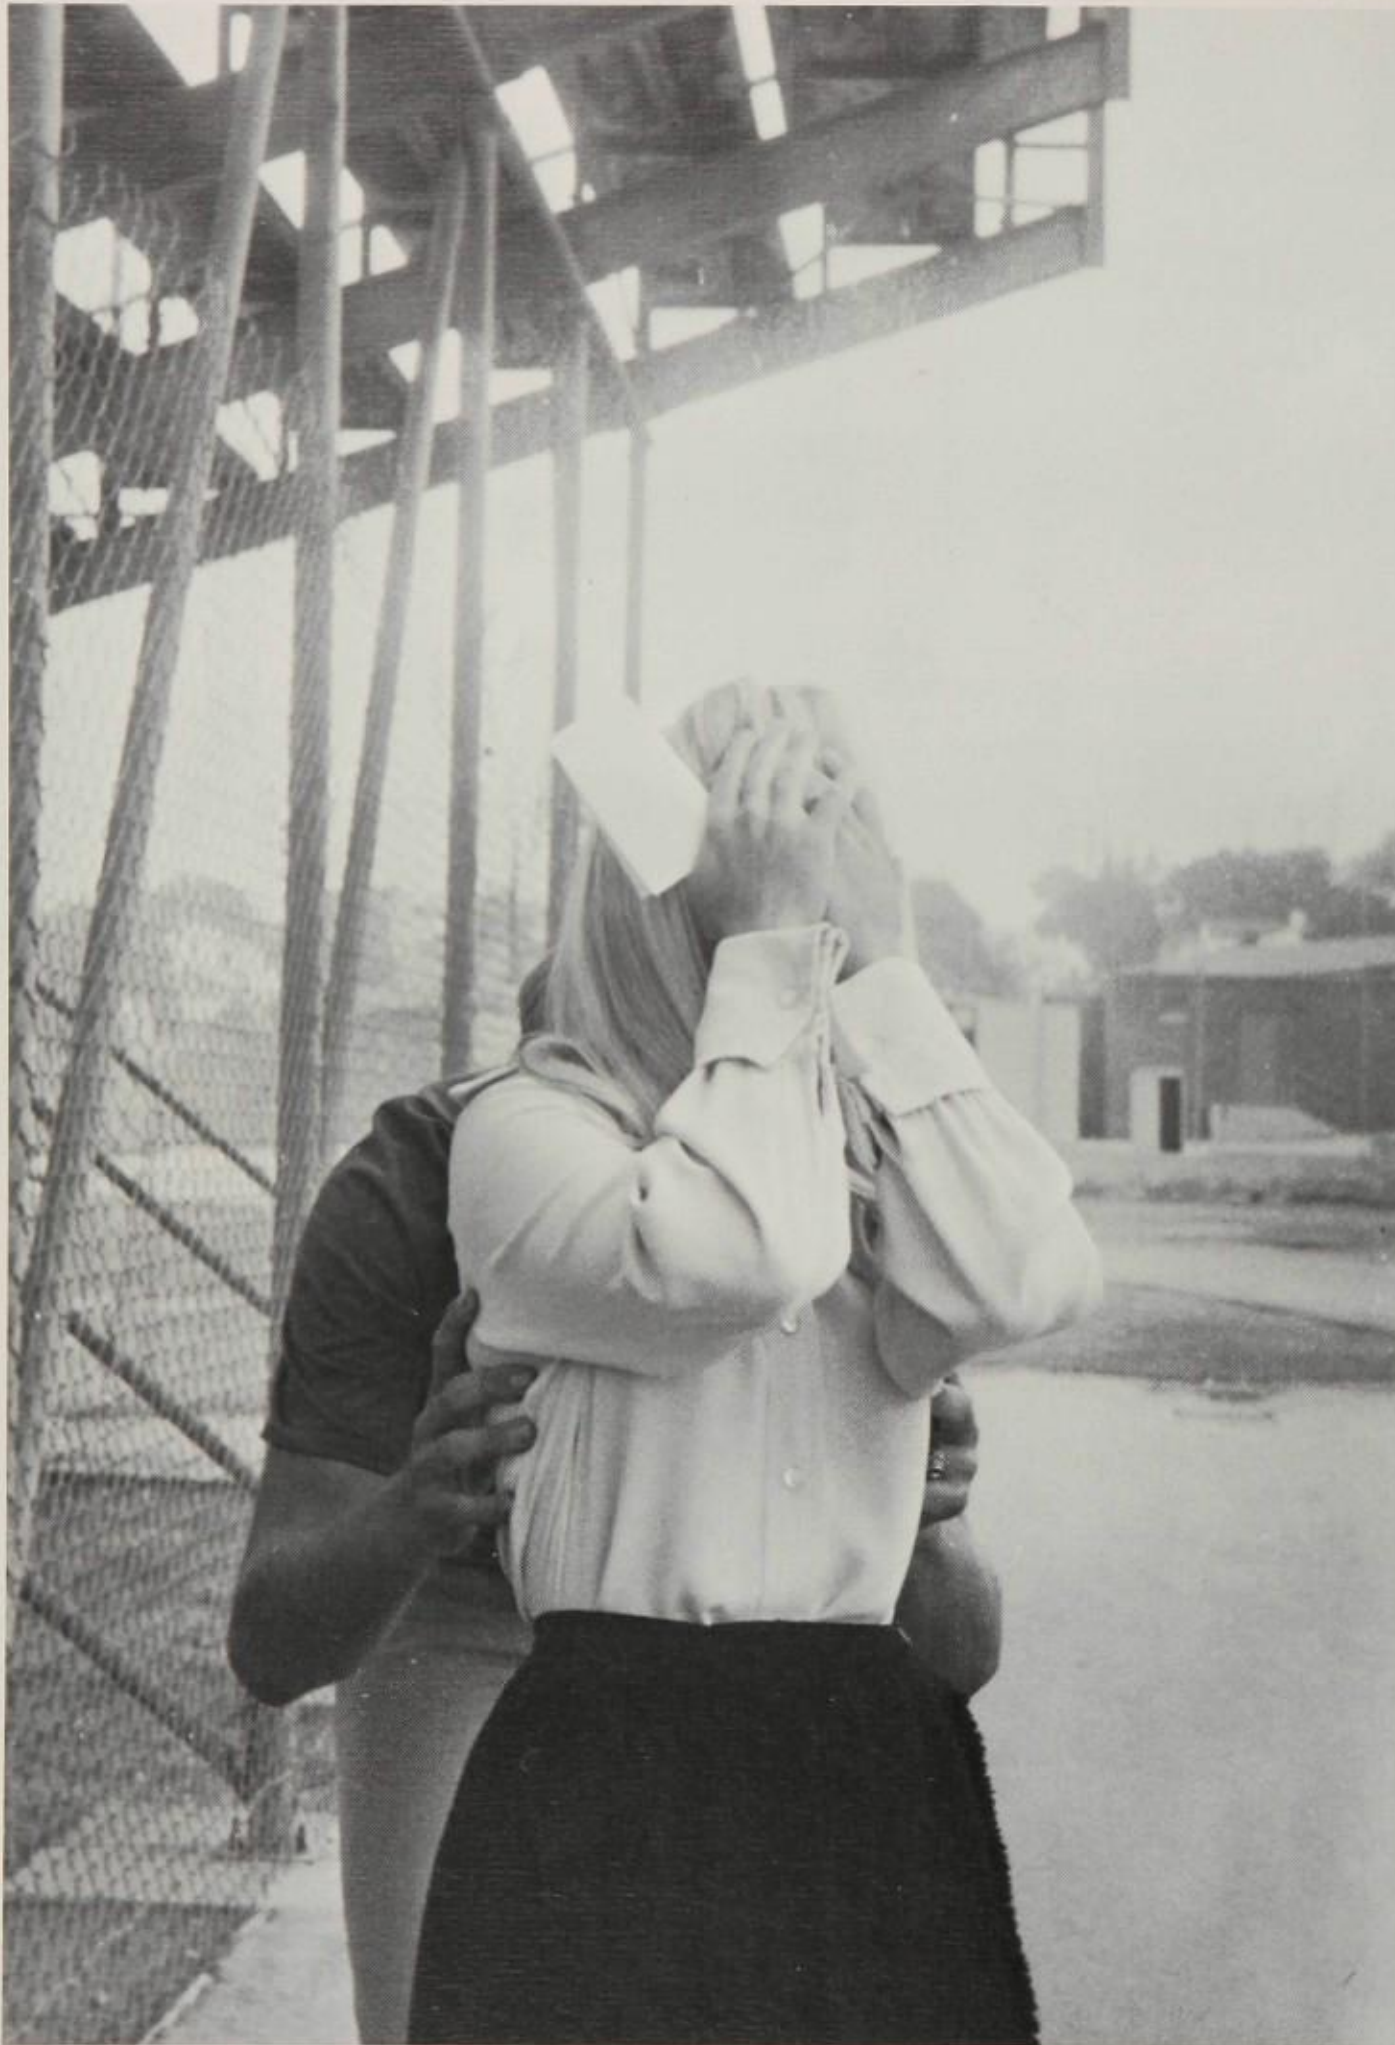

Seniors of 1970 dominate.

A familiar sight during 3rd period is our band and drill team practicing.

Amid an array of posters, Mr. Dougherty's watchful eye controls a freshman Geography class.

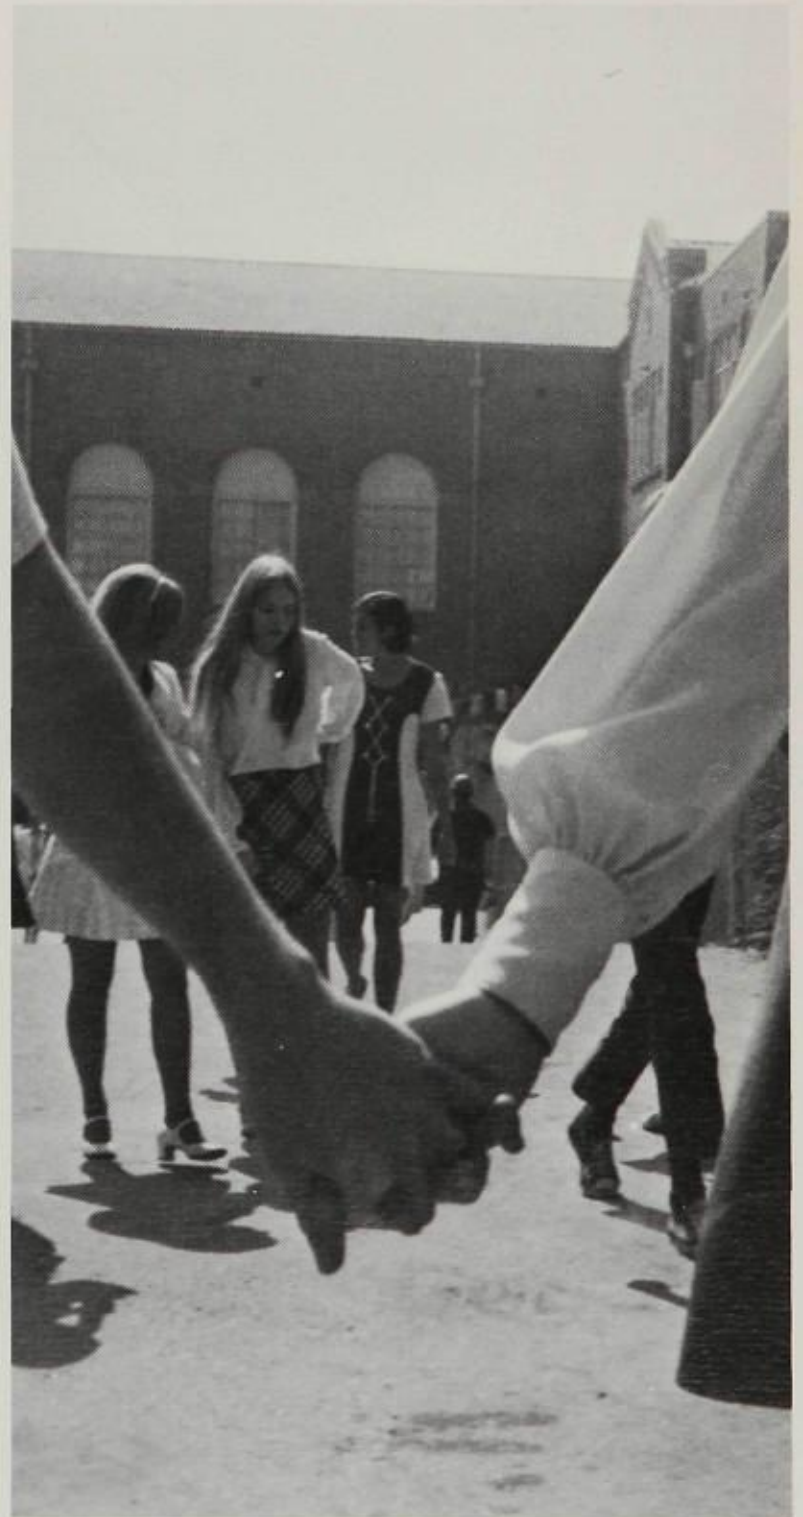

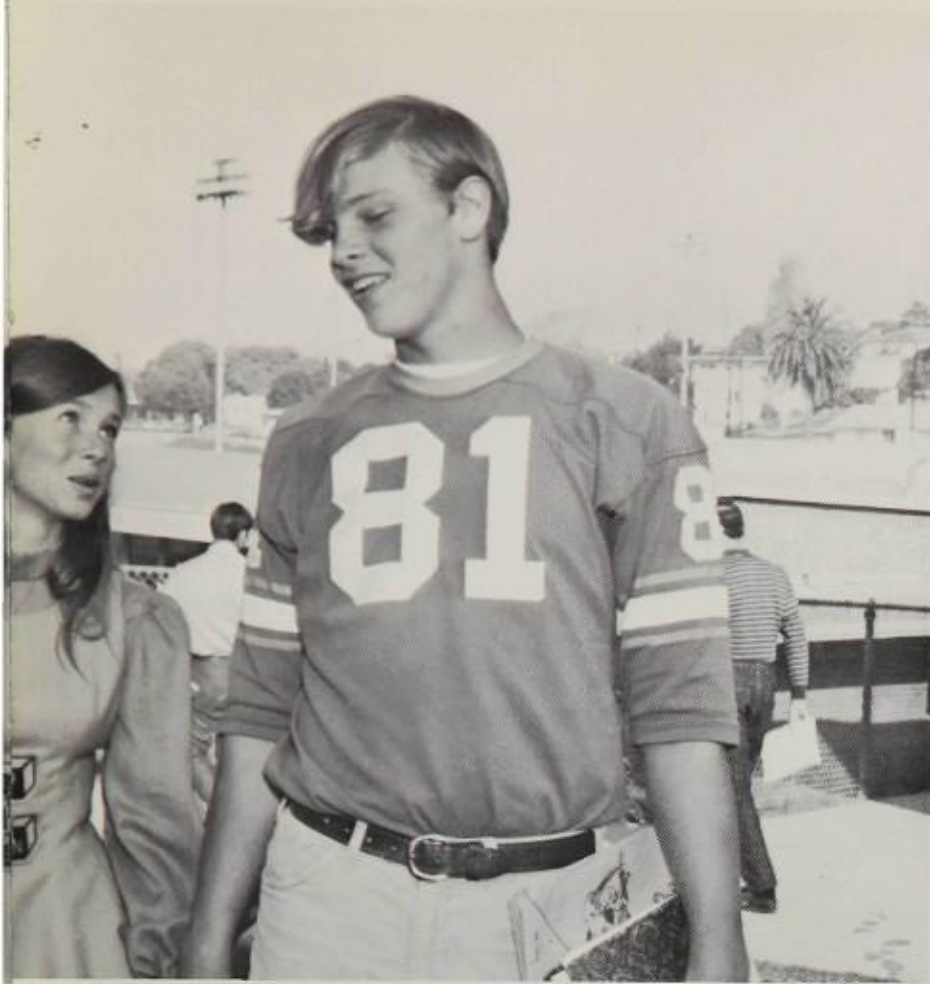

Penny Black sees no evil.

look around

Yesterday no longer exists and today will be gone tomorrow. What memories will you take with you? Those fleeting minutes between classes, holding hands with that special someone? The Blue and Gold days and rallies; lunch in senior park and a chance to kick off your shoes? Perhaps those magic Eagle hours when the teams make a touchdown or make a basket in the final minutes of a game for a joyous victory? Those moments at the dances or even in class. Look Around! Time never stops and all you have is memories ... take a part of yesterday with you today.

1969-70 was a year of happenings—old and new. One of El Segundo's unique events, a second in the history of the school, was a water polo rally at the plunge. The smiling face of songleader Ruth Churchill, reflected enthusiastic Junior spirit. Cindy Cunningham snickered at the cold, wet world.

Familiar sights on campus were the E.S.H.S. Swim Team duffle bags, and the "hot seat" better known as the chair outside of Mrs. Craven's office. Karen Green, Carla Clark and Tara Stewart showed Junior Power. Look Around! Lots was happening!

it's happening

mr. john stevenson

Look Around! See that coach working on the field with the C-Football boys and the Varsity Baseball team? Notice how he brings the whole team together, working in harmony. This is the mark of a great coach and a true leader. Look Around. Those trophies that adorn our show cases are the result of the fine athletes and teams he created — athletes who are leaders in their sports, in their school, and in their community. Look Around again and notice that his leadership does not stop on the playing field, but follows him into the Freshman Social Studies classroom where he makes learning fun and

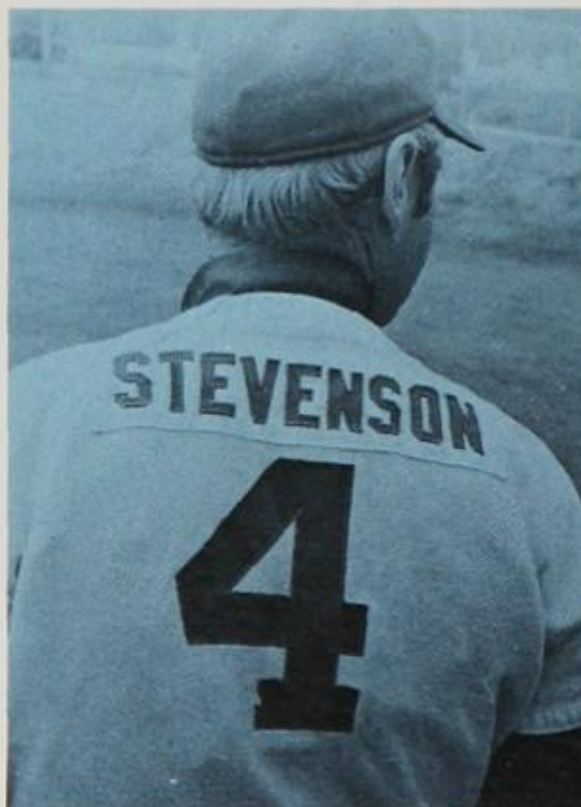

meaningful. Evidence of this man's leadership and ability is seen by his record as a fine athlete and student at Redondo Beach High School and later on at U.C.L.A.

A coach, a teacher, and most of all, a friend to all, this man looks around and sees the students at E.S.H.S.

We, the 1970 Golden Eagle Staff, proudly dedicate our annual to Mr. John Stevenson, as a symbol of our gratitude for his devotion in helping to make El Segundo a school of great athletes and leaders.

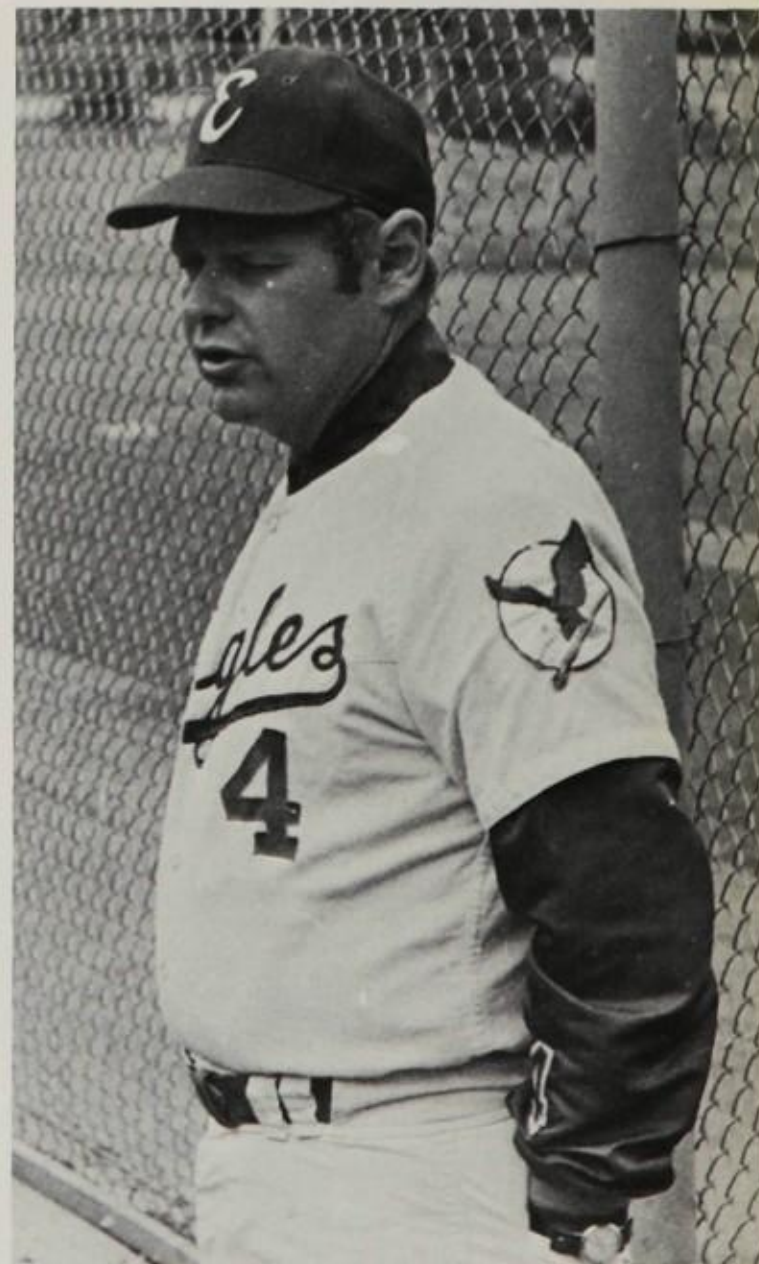

Look around, Mr. Stevenson! We love you!

Even in the classroom, Mr. Stevenson respects the ideas of others.

Number four is really NUMBER ONE!

Coach Stevenson cringes from the results of the last play.

Look Around! School consists of students and teachers, and we see them everywhere. Boys in Mr. Harden's Biology lab look for that little "Eagle Spirit" bug. Mrs. Potter's Junior English class searches for correct answers while taking a spelling test. Terry Mueller views the campus sights through his camera as a Photography class project. Boys' Chorus croons a tune in preparation for the Junior High assembly. The Tri-football Captains look for support from Eagle fans at a football rally while Ernie Schiel and Mr. Smith talk over happenings at E.S.H.S. during a lull in Woodshop. Classes — from Freshmen adjusting to high school to Sophomores looking for more spirit; from Juniors preparing for the Prom to Seniors searching for a way of life, students make the scene at E.S.H.S. Look closely, for suddenly it is over, and only the memories remain.

classes

John Dowd

John says that school is a central, but not dominating activity in his life. He likes to keep his intellectual activities well balanced in such a way that permits no one activity to overshadow others. With this in mind, John is headed for a very successful future.

Ella Jolly

Ella is very active in school and has participated in many clubs. She enjoys such things as Ballet, Modern Dance, Piano and Guitar. Ella is planning on attending college, but is still unsure of what college she will attend. She is hoping for a future in Applied Mathematics.

eshs' top

Bruno Fornerone

Bruno has been an active member of many clubs in High School. He is planning a College Education at Berkley or Cal. Tech. Where he will major in Electrical Engineering. Bruno is hoping to get his American Citizenship soon.

Mary Lytle

Mary is a transfer from Whitstone High School in Columbus, Ohio. She is an active member of many Clubs here at El Segundo. She is planning her College Education at Cal. State, Dominguez Hills.

Herb Jewell

Herb is very active in many activities in school. Outside of school he finds time for Tennis and Scuba Diving. He would like to attend Loyola University in L.A. and major in Latin American Studies or Political Science. He would like to work in a Foreign Service or Teach.

BILL PELZMANN

Bill was selected as El Segundo's Top Science Student and has served as Biology Club Vice President. He is planning to major in Environmental Design and Master in City Planning at Berkely. He hopes to enter the Peace Corps after college.

**JOYCE RASDALL**

Joyce is working as a Candy Striper, and hopes to continue with this type of work in college. She is planning to attend Pepperdine College where she will major in Education. She would like to become a teacher. Joyce has shown her interest in Education in that she has been in the California Scholarship Federation every semester in high school, an outstanding record for an outstanding young lady.

scholars

**MIKE STIVERS**

Mike, who is the Senior Delegate in Key Club, is planning a career in the field of Medicine or Psychology. He will be attending University of California at Berkley.

**MIKE FAHY**

Mike is very active at El Segundo High. He served as Key Club President and is a member of numerous clubs. Mike plans to be a lawyer.

These nine students entered El Segundo to learn and to develop their minds into mature and helpful tools for their future life. Each has succeeded in his own field. Each has proved to their fellow classmates that if one listens and tries his best, he can succeed in life.

These scholars of El Segundo are ready to serve society. Each will look back on high school as a helpful learning experience. El Segundo High School is proud of 1970's Top Nine!

1969 Graduation????? It is the Graduation of 1970 that we'll never forget!

senior reflections

'enter to learn — go forth for service'

We, the Seniors of 1970 have entered and learned and now we are leaving El Segundo High to go forth in Service.

For the past four years we have been faced with the challenges of change and have faced the reality of hate and war. We dared to ask questions, from race and drugs to sex education. We have searched for truth, seeking solutions to the problems of society. We have found success and we have coped with failure. We are now ready to "do our thing".

The success we felt came from successfully dodging milk cartons to cramming for a Chemistry test or winning an important game. Our greatest moment of success is yet to come — our Graduation. We have memories of all kinds to last forever. We began our High School career as Freshmen in 1966. The year was filled with new surroundings to adjust to, new friends to search for and many new experiences to undergo. We stumbled around campus with little idea about what to expect. We soon found guidance and counseling from our Freshman Advisor, Mr. Dougherty. Who will ever forget our Freshman Homecoming Float as we drove it through the school driveway late, and falling apart? We tried to start something new by having a school dance at 6:30 a.m. before school. It was a year filled with spirit and success for our Eagles flew to Victory in Sports. We won the League Championship in Football. We competed in C.I.F. for Baseball and lost the C.I.F. Championship in Basketball by one game. The long year as Freshmen was finally over and we took one leap into 1967-68 and our Sophomore year.

Our biggest success in our Sophomore year was our Homecoming Float. Along with this success came a great disappointment; the cancellation of floats. That same year we sold pins with the Basketball Schedule on them. Our Sophomore year was spent in great anticipation for the coming of the

greatest responsibility of any class during High School; the Junior-Senior Prom. The year 1968-69 and our campaign to raise money for the Junior-Senior Prom was before us. We had the Concession Stand and we sold programs at the Football Games. The members of our class gave up their Saturdays to sponsor a Slave Day and during Christmas we sold Candles to build our treasury as well as brighten up the homes of El Segundoans. May 30, 1969, the Prom was here! "This Magic Moment", held at the Disneyland Hotel and highlighted in colors of pink, tangerine, and gold was a dinner dance that the seniors of 1969 will long remember.

Now we find ourselves at the end of our most memorable and successful year — our Senior year. We will always be remembered as the class that stood up for the rights of all people and the respect of people doing "their own thing". We dared to try new and different ideas. We fought to revise the Dress Code, we worked to add "Sex Education" Classes to the curriculum and above all, we were ourselves.

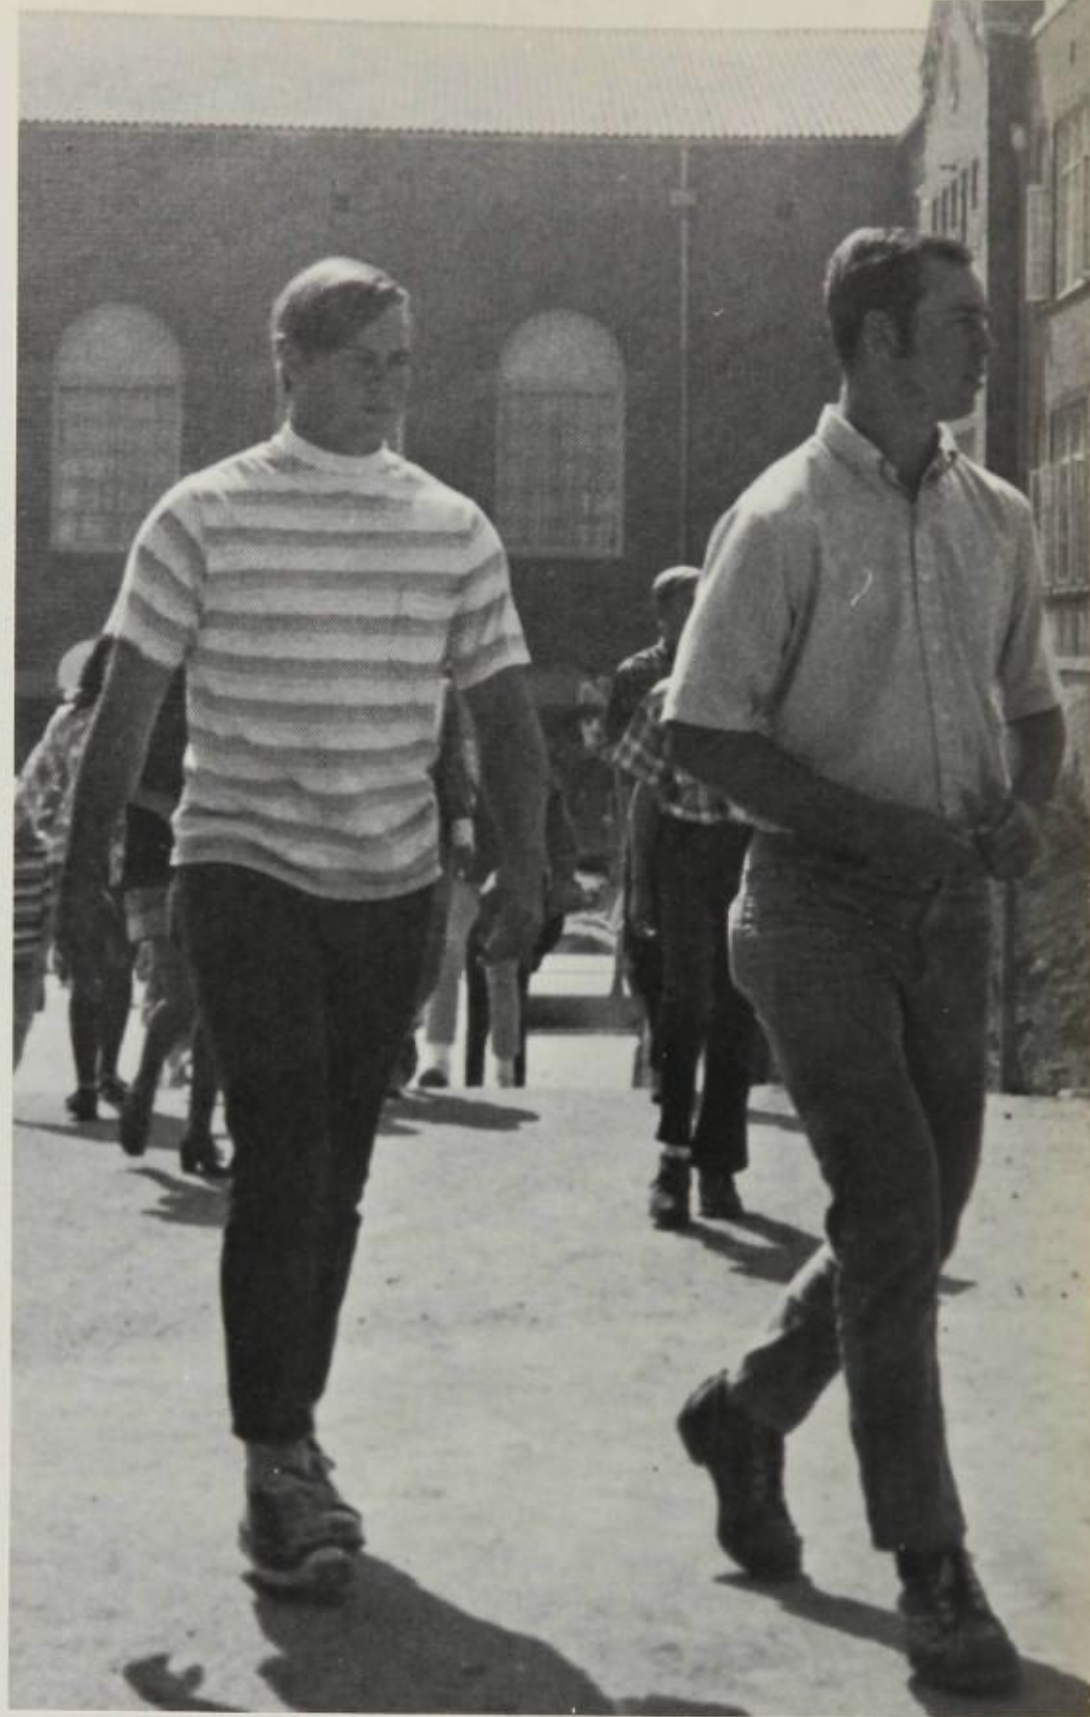

We have many students in the class of 1970 who have obtained scholastic achievements and still others who have showed individual talent. We will always remember Marc Fitch and his wide variety of talent. Outstanding musicians include Randy Albers, Brad Stiewel and David Nivans. Marsha Olson showed an interest in Homemaking and many boys excelled in woodshop and metal shop such as David Metcalf and Bill Proctor.

We took the time to look around and try to find solutions to the problems and troubles of our world. We are now leaving El Segundo High School together to find solutions to conquer the hate and to find the love, and to conquer the wars and to find the Peace for all mankind. Together we will find Happiness.

These Seniors have spent this year contemplating their futures in our large and ever-developing nation. Some will go on to college, some will settle down and have families — but each one will continue to learn and develop their minds. Good Luck to the Seniors for they have looked to find a better world and someday will use the solutions they have found through life to make our nation the most prosperous and best thought of in our history.

Junior advisor, Mr. Peterson awaits for Dan's opinion of a jumbo pretzel.

Exuberant, reliable, active and original are just a few aspects associated with the Junior Class this year. Governor Dan Herman's group introduced hot pretzels, sold programs, and maintained the Junior Booth at all home football games. They also helped Annual with a Spaghetti Dinner in exchange for Prom Publicity. All these activities made it possible to put on a beautiful prom at the Biltmore Hotel. Looking back, the class of "71" will remember that great Junior Year!

sophomores: the class of '72'

The class of '72' got going this year with such activities as car washes, dances, and the traditional Sophomore paper drive. Governor Ken Dalglish assisted by Gina Turino and Margie Walsh managed to keep all activities going smoothly. With their help the Sophomores were full of much enthusiasm this year.

After two years of being underclassmen, the Sophomores are eagerly looking forward to next year when they will finally be Juniors — and can plan proms and be the upperclassmen! Look around Class of '72'!! Only two more years and you'll be graduating.

Student Government allowed for involvement of the students in school life and prepared them for future leadership of our cities, states and country. Government at El Segundo High School consisted of various groups who carried our delegated responsibilities and worked together on all levels. In the pictures above we see Susan Phillips and Doug Johnson, Freshman and Senior class presidents, displaying leadership at class meetings while Jeff Norris reflects the serious business at a House of Representatives meeting. The Senate, under the watchful eye of Mr. Crystal, discusses student affairs while Scott Dalglish ponders over the agenda for the 7:00 A.M. Executive Cabinet meeting which includes Timi Bourell and Patty McCauley. In fact, Student Government was so busy this year that Dan Herman, Junior Class President, thought about taking a swim in Senior Park.

senate

Consisting of three representatives and the president from each class, the Senate was an important link between the individual classes and the Executive Cabinet. Under the leadership of President Mike Puffer and Advisor Mr. Terry Crystal, the Senate settled any disputes concerning the Constitution, passed requisitions, and sold El Segundo Eagle license plate holders to raise money.

house of representatives

The House of Representatives is perhaps the most effective branch of student government as it is involved with the largest number of people. It is made up of one student representative for each twenty-five students in first period classes. Led by President Mike Matthews and advisors Mr. Crystal and Mr. Kingston, the House met every two weeks, alternating day and night meetings. Their purpose is to raise money for the student body fund, with the carnival being their most successful project.

Representatives of El Segundo High School Students make plans for the annual carnival.

Geri Leaf, vice-president, Doug Johnson, president, Laurie Simmons, treasurer, absent, Sue Birdsall, secretary.

senior class officers

1970 came and the Senior Class went. It was a class composed of varying personalities merging to form a workable unit. Among their last high school memories are the traditional ditch day and grad night and, even more important, unique moments when they looked around and began to see.

sophomore class officers

After the first year of completely new experiences, the Sophomores had a year of bake sales and carwashes in an effort to foster the unity so necessary for a powerful class. With their new found security, they are ready to forge ahead as Juniors, forming a better class and a better school.

Senoma Stuthard, vice-president, Susan Phillips, president, Pam Justice, secretary, Kevin McGarry, treasurer.

Dan Herman president, Marva Johnson, secretary, Kathy Willbrandt, treasurer, absent-Melissa McCready, vice-president.

junior class officers

The year to get involved had come for the Junior Class. The Juniors displayed a new strength and character, and are indeed ready to become seniors. Their great financial success was directed mainly towards the prom, golden memories for all.

Gina Turino, vice-president, Ken Dalglish, president, Margie Walsh, secretary, Debbie Eceles, treasurer.

freshman class officers

The freshman year is possibly the most exciting of all. From September to June they constantly looked around and learned and, at the year's end, discovered that there was still so much more to see. With a dance and food booth, they made a promising start on the long journey to a successful prom.

girls' and boys' state

Girls' State, Ella Jolly and Boys' State, Herb Jewell.

Held at U.C. Davis and Sacramento respectively, Girls' and Boys' State is the annual activity for high school students which allows for learning by involvement. The Learning concerns the governing of our states and the involvement is in actual mock governments which entails everything from petitions and campaign speeches to the actual elections of state officials.

El Segundo's two representatives were Ella Jolly and Herb Jewell who were chosen from recom-

mendations of teachers and counselors. Ella was eliminated in the primaries for Lieutenant Governor candidacy and ultimately served as Animal Control Commissioner and as a member of the Governor's Board of Regents. Herb became County District Attorney which included passing an exam. Both are outstanding members of our student body and are exercising their valuable experiences as officers in such organizations as Girls' League, Epsilon Sigma, Key Club, and the House of Representatives.

The GOLDEN EAGLE is a record in pictures of the year's activities — the work, efforts and achievements of the students — something which will be cherished by each individual for years to come. Look around and recall some of these more memorable times. Who can forget the football games on Hazeltine field and the half-time performances by the band? Or those Junior Class meetings in Annex A with Mr. Peterson displaying the Christmas candles while President Dan Herman listened to Marva Johnson's newsy minutes?? Remember your very first soft pretzel sold by Valerie Ray and Dan Herman for the Junior Class? Recall how excited Ruth Churchill and Joyce Brandon were over the 1969 Annual?? Seniors will always remember their first rally in Senior Section, and Cross Country will never forget Coach Crystal awarding Doug Busenga his letter at the Awards dessert. Memories are made of this. Look around — and remember — before it's too late!

Our mascots, Ethel and Elmer Eagle led the Eagles to many victories in all sports. The Eagle spirit-makers attended all sports events, enlivened rallies, led competition cheers during rallies with their spirit jug and literally turned handsprings to encourage spirit throughout the student body.

For the second year, Junior Varsity Cheerleaders have led our JV, Bee and Cee teams to victory. They assume most of the same responsibilities as the Varsity pep club such as painting signs and participating in rallies. The JV Squad is made up of freshmen and sophomores only and the purpose is to promote spirit in the lower grades.

Disneyland came alive at E.S.H.S. during half-time on Friday, November 7th, as Drill Team and Varsity Band performed one of their outstanding performances of the year. From Mary Poppins to Mickey Mouse, from Donald Duck to Peter Pan, the Senior girls dressed as the famous Disney characters. They marched and entertained the Miraleste football fans as well as the home crowd.

Practicing daily in third period, fifty girls formed one of the best drill teams in the history of the school.

Sponsored by Mrs. Sandi Behrmann, Drill Team had new uniforms which added to the fun of performing at all home football and basketball games for the pleasure of all Eagle fans and visitors.

A new room, a new tuba, and new uniforms contributed to the high spirit and excellent performances by the 75 members of the Marching Band. Led by Drum Major Randy Albers, the band rendered beautiful music at all home football games, climaxed by "Disneyland Comes Alive" at the Mireleste game. Marching at the Pomona Fair and in the Christmas Parade, performing for the Christmas Concert, and taking a bus to Colton for the Bloomington game were other highlights of the year. The Band sold Halloween candy, license plate holders and baked goods to raise money for their new uniforms. Look to the Band for fun and talent!

Look Around! Notice the small, everyday happenings! That was the beginning of our 1970 Golden Eagle — and look we did. For pictures, for proportion wheels, and for deadlines!

This year, under the conduction of Editor Jan Krekemeyer and Advisor Mrs. Kathryn Peterson, the 1970 Golden Eagle Staff has endeavored to publish an annual that will long be remembered by El Segundo High School students. It has been a hair-raising experience with the long sessions spent planning the yearbook, the rush to make deadlines, and the scramble to get everything ready for the Annual Day. Yet the rewards have been great; the joy of making a unique book successful has been an experience the staff will never forget.

From the Installation Banquet in September to the District Convention in April, Key Club swings into action. Sophomore, Junior, and Senior boys with a B- or better average form this school and community service organization. Acting as guides for back-to-school night, ushering and manning concessions at football games, painting room numbers on classroom doors and helping with the organizing of the Christmas Parade kept the club

busy the first semester. Free tutoring programs for grades 7 through 10, sponsoring an occupational preference survey for upperclassmen and helping with the Donkey Basketball Game and other activities took up the second semester. Mike Fahy, as club president, and Mr. William Watkins, as club sponsor, steered this fine service club to an active and outstanding year!

biology club

Biology Club is a group of interested students in Biology. To join this club, members must memorize the Greek alphabet and give at least one speech on some aspect of science. The club meets at noon on Friday and usually one member leads the group in a discussion, often about his or her project. Biology Club is unique in that it does not participate in the usual activities of a club, but maintains a Seminar-type atmosphere at all of its meetings. The group takes an annual field trip to the San Diego Zoo.

AFS President Cindy Wiley

The American Field Service has as its motto: "Walk together, talk together, all ye people of the earth; for only then shall ye have peace." The activities of the El Segundo Chapter of A.F.S. are centered around a fulfillment of this motto.

Activities this year included the traditional Pancake Breakfast, the Walk-a-Thon, A.F.S. Week, an assembly by exchange students Katje Raeymaekers from Belgium, Haifa Dia from Jordan, and Cindy Wiley, A.F.S. president and returnee from Thailand, and a Dollars for Scholars Drive to raise money for

the E.S.H.S. junior selected to go abroad for A.F.S.

Advised by Mrs. Diane Klemm, A.F.S. also sponsored further activities which included bake sales, a dance, a basketball concession booth, and a very successful car wash. Early in the year they enjoyed their field trip to see the musical, "Funny Girl".

Besides these numerous activities, informal beach parties, barbecues, and potluck dinners encourage the atmosphere needed for group cooperation in order to reach their goals.

Determination, Pride, Inner Strength, all comprised this year's Varsity Eagle Pigskinners. "An experimental season," says Dann Le-Masurier, at this year's Football Banquet. This and much more make up the 1969—1970 football team.

Beginning at the Durate game, the Eagles showed much determination as Mark Wagley made 143 yards rushing. Though we didn't win the Eagles proved their desire to win even up to the last.

Inner strength in our Eagle team was present in all games, even after the team received many costly injuries.

Highlighting the season was a forty-five yard pass thrown by Quarterback Steve Ray, to Flanker, Kirk Allison, in the end zone; as well as a tackle made by Brad Hancock as he jumped over the Palos Verdes center in order to tackle their quarterback.

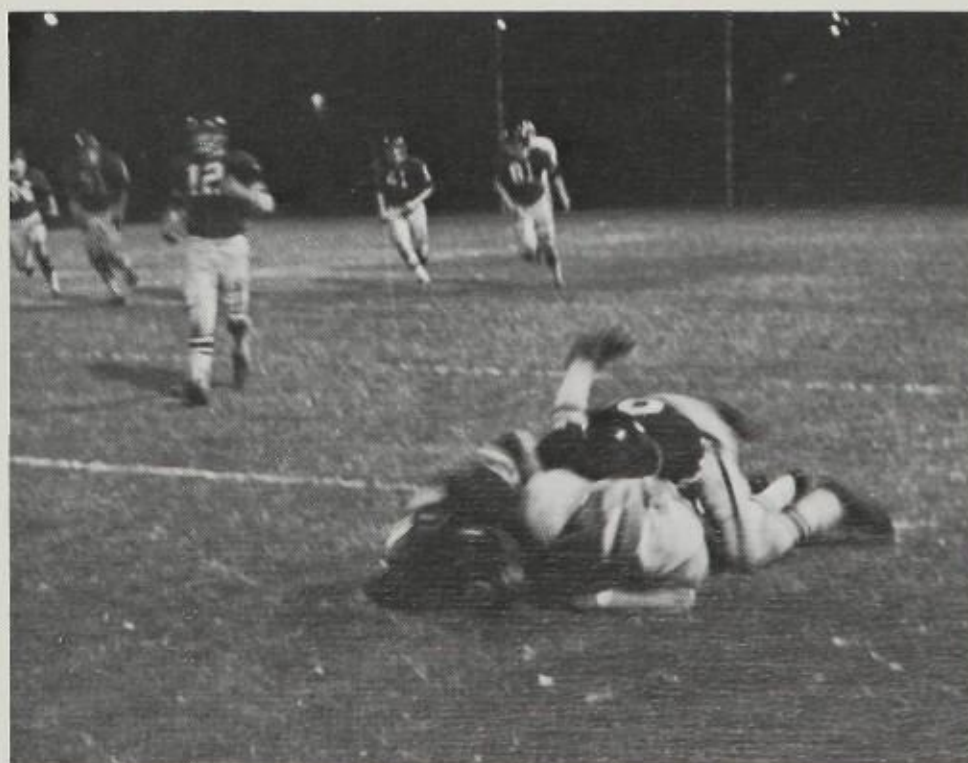

Probably the most important and exciting game of the season was our Homecoming game between El Segundo and Beverly Hills, we won thirteen to eight. Look Around! Eagle Power Wins!

Coming in second in the Pioneer League Championship against Beverly Hills, this years Bee Pigskinners were undefeated until the last game which they lost to Beverly Hills. Coached by Dick Carter and Tom Felix, the 1969—1970 Bee team experienced many suspenseful moments. One of the most exciting was the Lawndale game when Dave Zimmerman made a 75 yard punt return. A strong defensive team was obvious as only 70 points were scored against the Eagles this season. Look Around! Eagles Are Champions!

After three years of free lance schedules the E.S.H.S. water polo team returned to Pioneer League competition in 1969.

It proved to be a very successful season as the Eagles won the Pioneer League Championship with a perfect 3-0 record.

In the over-all season the Varsity sponges were off to a slow start, losing four of the first 5 games. However, improvement was evident as they won the next seven games and finished with a respectable 13-7 record for the season.

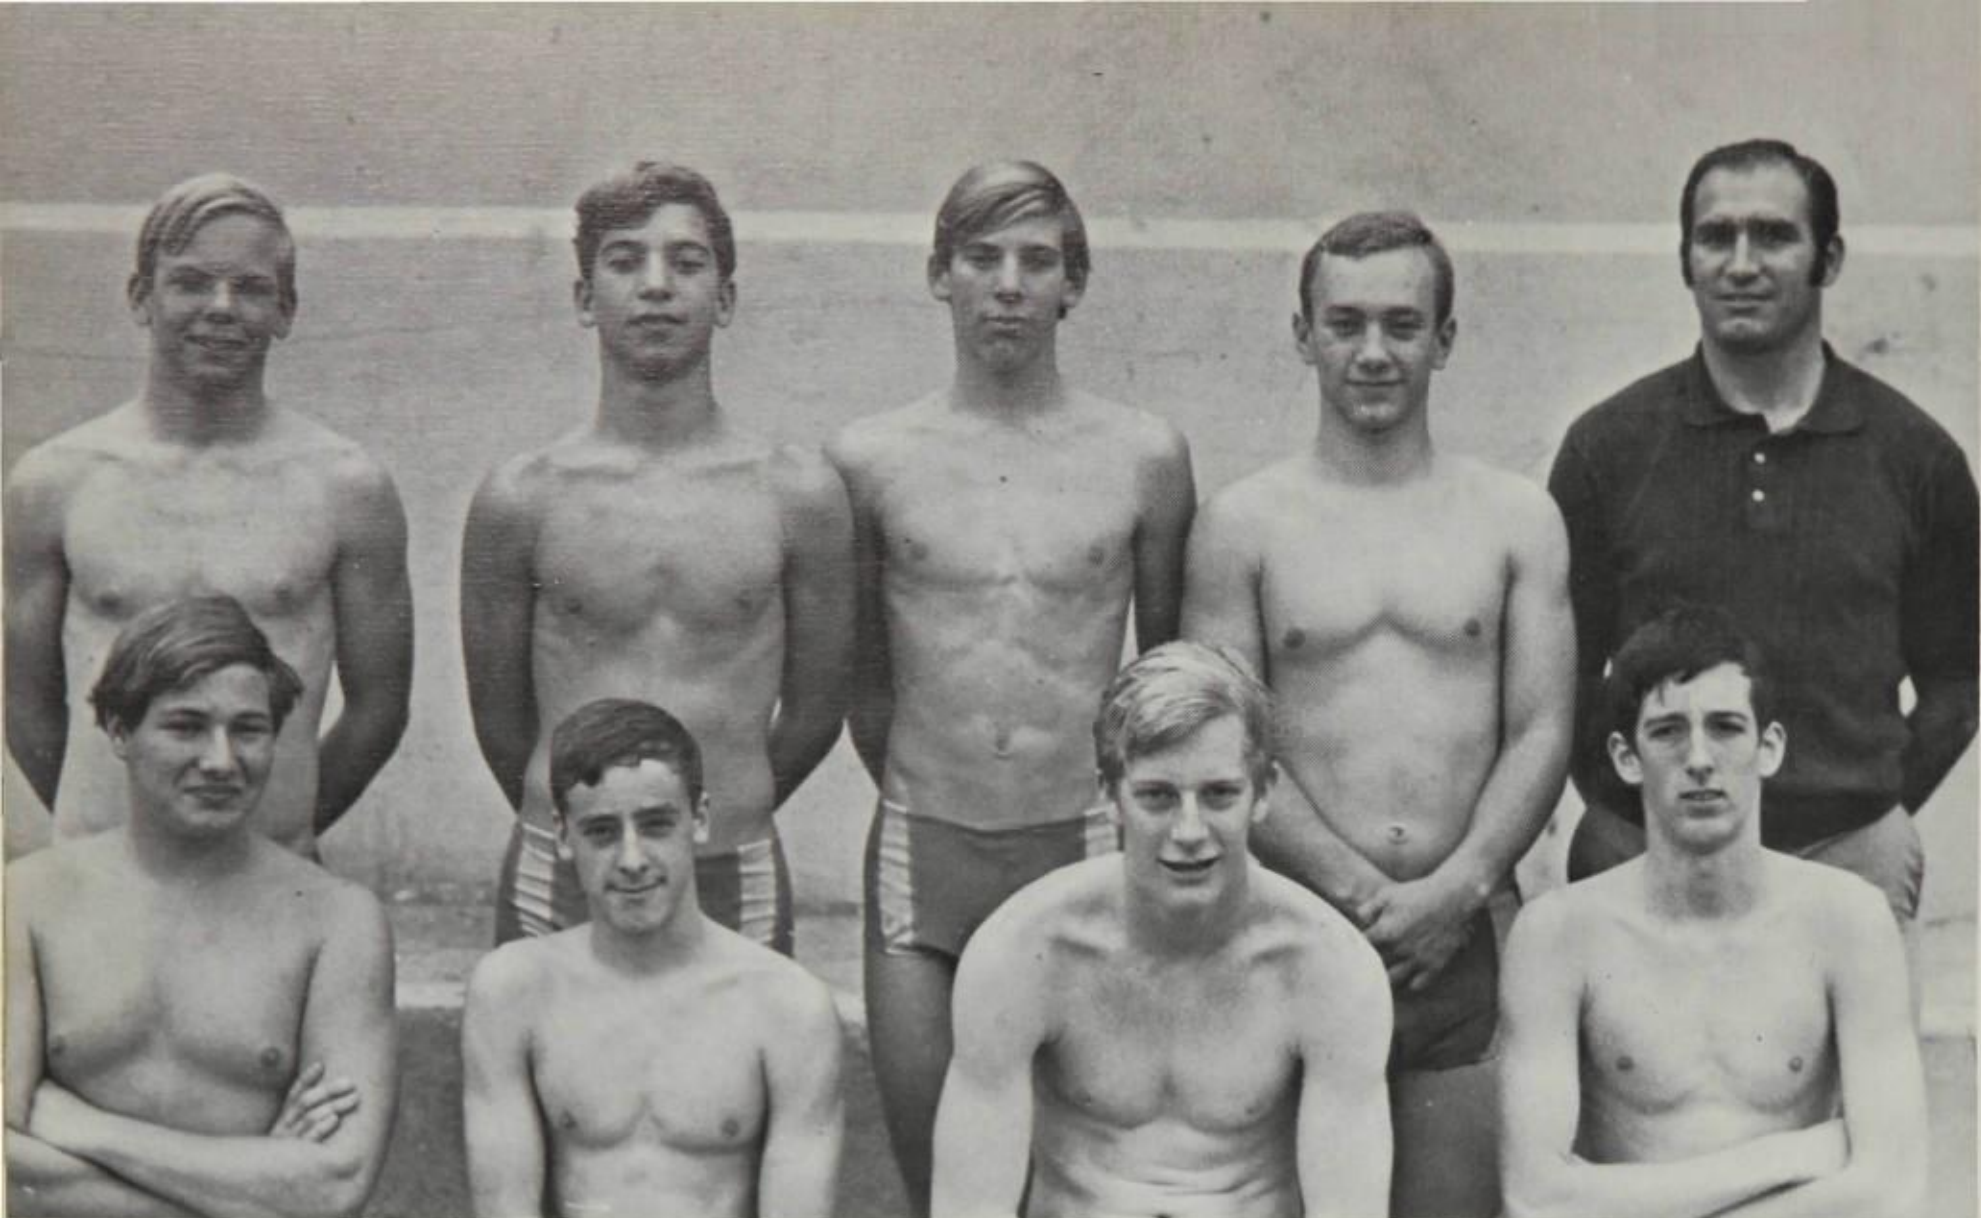

In the Annual Inglewood Tournament, El Segundo's Varsity Sponges suffered 3-5 loss to Morningside but came back with three convincing victories earning them the Consolation Trophy.

Highlighting the season was a thrilling 10-9 victory in the first round of the C.I.F. play-offs against previously undefeated Crecenta Valley in the El Segundo pool. However, powerful Lakewood, last year's C.I.F. runner-up, eliminated El Segundo 7-4 in the second round. Look Around! Varsity Sponges continue to bring home the honors.

The El Segundo Cee Sponges started their season off with a loss, but the next six wins in a row made that first game seem less important. The rest of their games varied, but their wins far outnumbered their losses. They were victorious in all three of their Pioneer League Games against Aviation, Miraleste, and Beverly Hills. Many hours after school, combined with disappointments as well as victories, made this year's Junior Varsity Cross Country season an exciting one.

Highlighting the season were three definite wins over Miraleste, Beverly Hills, and Aviation.

Richard Doss, a freshman, ran excellent races against Lennox and Miraleste, proving himself to be a good prospect for the Varsity team.

Sharing the excitement of both Varsity and Junior Varsity teams, Jill Stevens and Laura Guarusco kept stats and timed the teams. Look Around! Cross Country is in the lead!

The 1969-70 Varsity Basketball season was a difficult one because of the number of major injuries that hurt the Eagles early in the season. The last part of the season the Varsity Roundballers played up to their abilities.

Jim Wood had an excellent season. He scored 400 points in 21 games and led the team in almost every offensive statistic. Jim was picked on the First Team all Pioneer League Team.

Mike Matthews came back well after his injury and played great in the last round of league games.

Graduating Seniors in Varsity this year are Mike Matthews, Jim Wood, Dave Johnson who was leading in total rebounds for the season, Greg Hancock and Doug Johnson, all showing a lot of enthusiasm for this year's game.

Several Juniors will be returning next year including Dan Herman, Mike Brannum, Paul Dohman, Dana Ernest and Bob Schaeffer. Look Around! Eagles show strength!

Active at all school events GAA'ers work at a food booth.

It is the little things that often go unnoticed at the time that build our memories. Looking around we see our faculty as people who enjoy such little things. Teachers are real people — not machines that sit in front of classes lecturing or grading papers. They are people who enjoy many of the same interests and hobbies as we do. Look around! See the "Easy Riders", Mr. Porter and Mr. Peterson at their summer cabins in Idaho. Mr. Tash relaxes from all the band practice in front of his fire place with his dog, and Mrs. Stuckeman enjoys dressing up as a hippie at a faculty breakfast. Mr. Olson finds hunting a change from typing while Mr. Craven, when not displaying his "instant" sideburns is displaying his catch of fish. For Mr. Hale, a day to just sleep and dream is all he needs. Each one of these teachers are enjoying life — doing their thing. Look around, Eagles, before it is too late! The faculty will be looking with you.

Fifth grade students from Richmond Street School demonstrate a dance called the Tinikling for the Board.

Members Sam Douglass, Melvin Westover, and Eugene Broadwater.

Sex Education classes, School bonds, Dress Codes — all come under the jurisdiction of the El Segundo Board of Education. This year's Board of Education consists of five elected community citizens, headed by Dr. Wesley Farr. Superintendent Dale M. Harter and Assistant Lee O. Odle also serve on the Board. These seven members make decisions and regard the State Education Code and the Constitution as they effect the schools and students of El Segundo. The Board meets every other Tuesday night at the District Office, where these dedicated members of the School Board spend hours with the citizens of the community to improve the education of the students of El Segundo.

Dr. Dale Harter, Superintendent; Dr. Lee Odle, Assistant Superintendent; Zonetta Cargill, Clerk; Dr. Wesley Farr, President; Mrs. Ruth Matson, Secretary to Superintendent.

William Dohmann — Principal

Looking around and keeping a watchful eye on El Segundo High School students, both in class and out, are three administrators: Mr. William Dohmann, Principal; Mr. Frank Craven and Mr. Robert Kingston, Assistant Principals.

Something new this year which achieved a breakthrough in the communication gap among students, faculty, and administrators was the Students' Advisory Council which met with Mr. Dohmann and other administrators once a week to discuss student problems concerning dress code, open campus and Senior privileges.

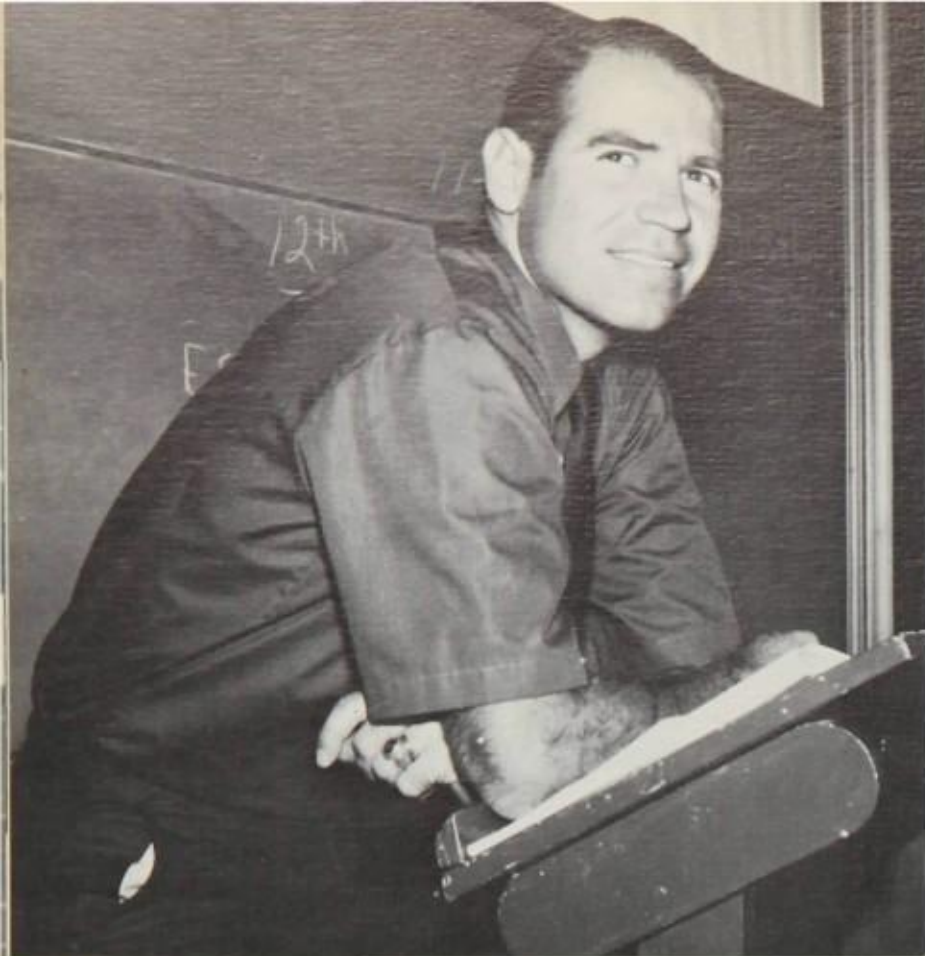

Mr. Craven, Assistant Principal of Pupil Services, coordinated the program of discipline in the school (and kept an eye open for milk throwers at snack and lunch!) He also assisted with the counseling and guidance of pupils in school.

Coordinating all the school activities on the master calendar was the duty of Mr. Kingston. Thanks to him, such activities as dances rallies, athletic events, clubs, assemblies and student government make school more enjoyable for all.

Frank Craven — Assistant Principal of Pupil Services.

Robert Kingston — Assistant Principal of Activities.

Robert Bristlin — Counselor

Eleanor O'Hair — Counselor

"Know yourself and look to the future." With patience, understanding and concern, the Counselors at El Segundo High School guide students to look at their abilities and achievements in school, and to look to the future with confidence. From scheduling of classes to informing students about job and college opportunities, counselors play an important part in our high school lives.

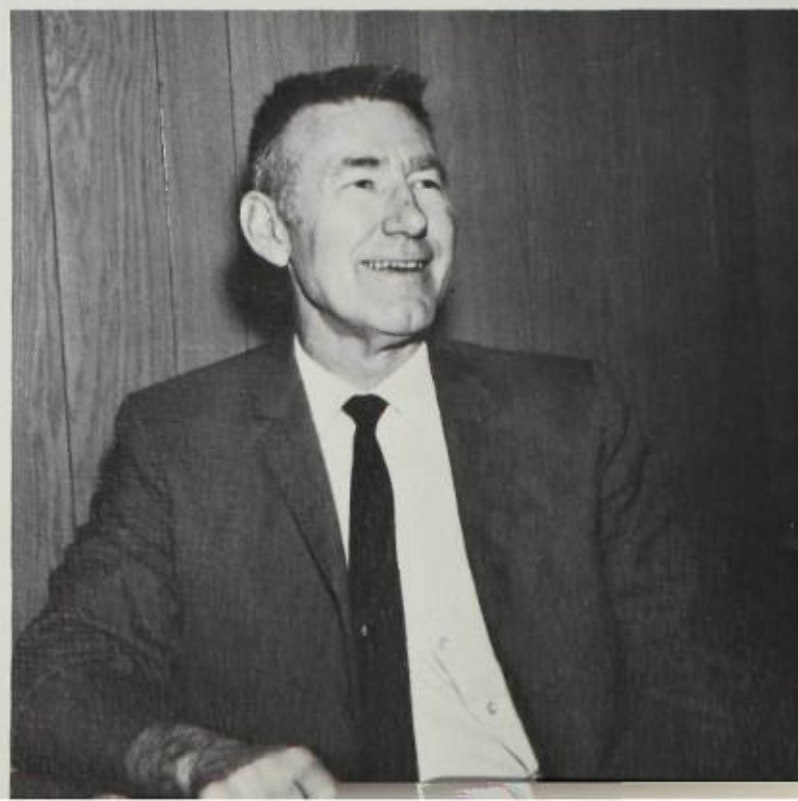

Dorothy Stuckeman — Counselor, Girls League Advisor.

James Porter — Attendance Supervisor.

Maurice Ward — Counselor

Lorraine Thorson — Nurse

Margaret Cuzick — Associat-
ed Student Body Bookkee-
per, Attendance Secretary.

Caroline Adams — Secretary to
Principal.

The Clerical Staff at El Segundo High School type the daily bulletins, answer the phones and keep the attendance records among other duties. Certainly a vital part of our school life are the Librarian and School Nurse. Mrs. Rosenberg and her assistants keep the library information up to date with new books and magazines. Eye checks, hearing tests, or just plain old bandaids — the school nurse must administer them all. Many an aching head or upset stomach has felt better after a trip to her office.

Agnes Evans — Secretary to
Assistant Principal of
Activities.

Dorothy Floyd —
Librarian

Shirley Malm — Secretary to Mr.
Craven, Pupil Services.

Pauline Engle —
Guidance Secretary

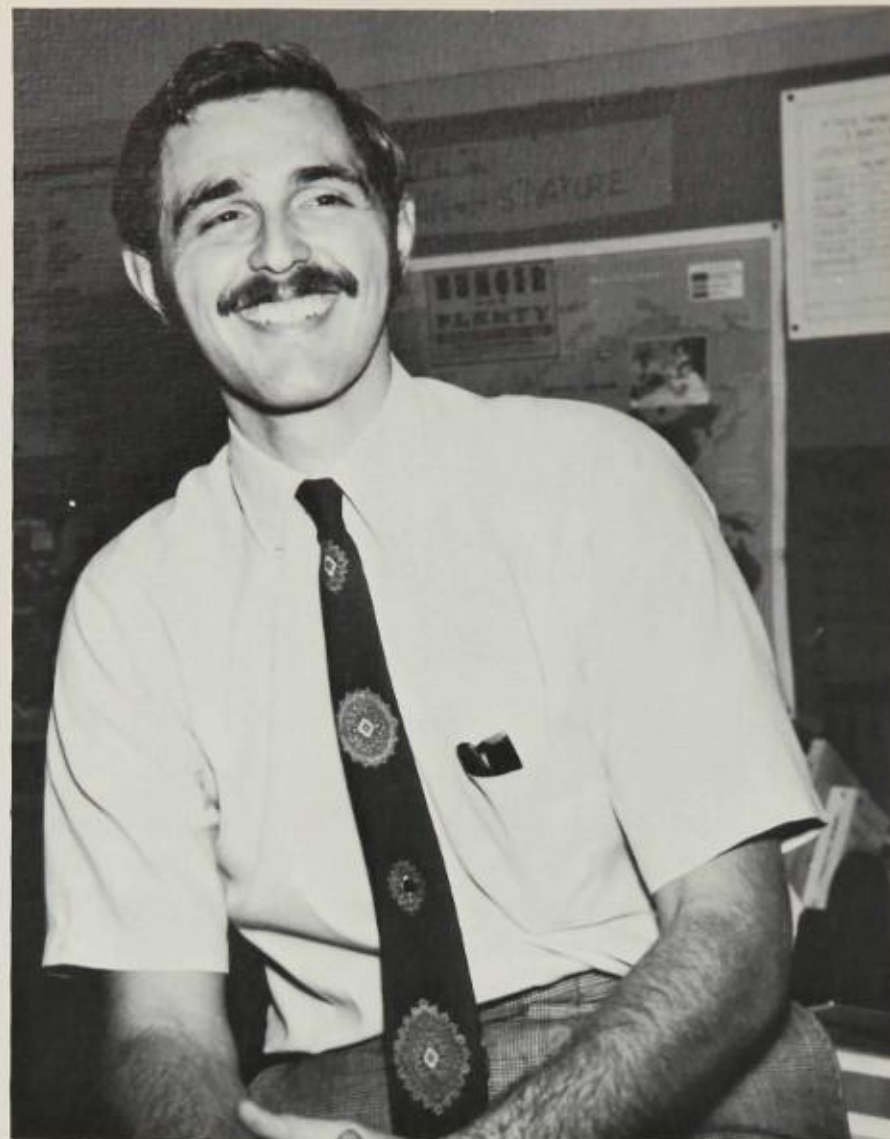

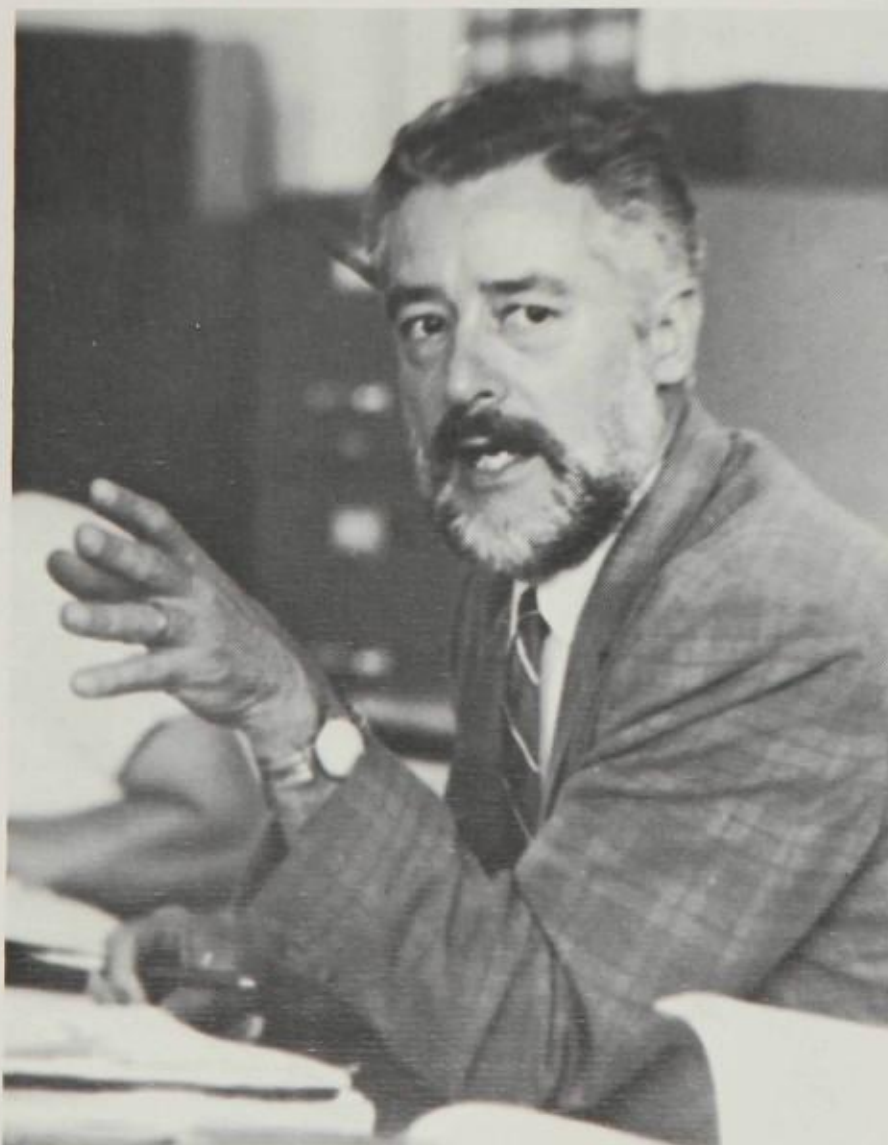

Mary Rose Liedke —
Guidance Secretary

Doris Rosenberg — Librarian

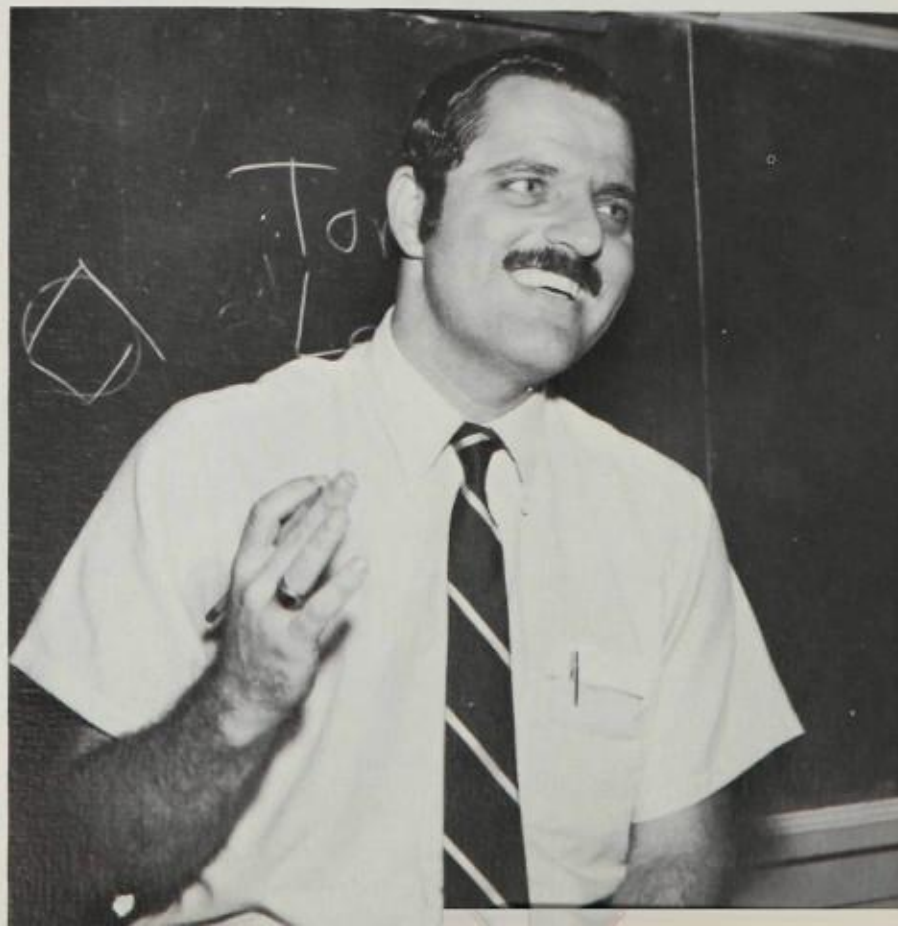

"Looking Backward to look ahead", describes our Social Science Classes. The idea is to learn from the past to create a better future. These classes stress the individual in a complex society, teaching that if the individual finds out why he acts the way he does, he can achieve greater communication through understanding. The Social Science Department of El Segundo High School is striving for this goal. Freshman classes study family life including such topics as sex education, danger of drugs and alcohol, and drivers' education. Sophomores learn about the world in relation to our culture. The Junior classes wrote numerous research papers, gave oral presentations, and discuss in seminar groups such various subjects as Puritanism, Westward Expansion, and Transcendentalism. Seniors leaned toward the theme of Man and his Environment.

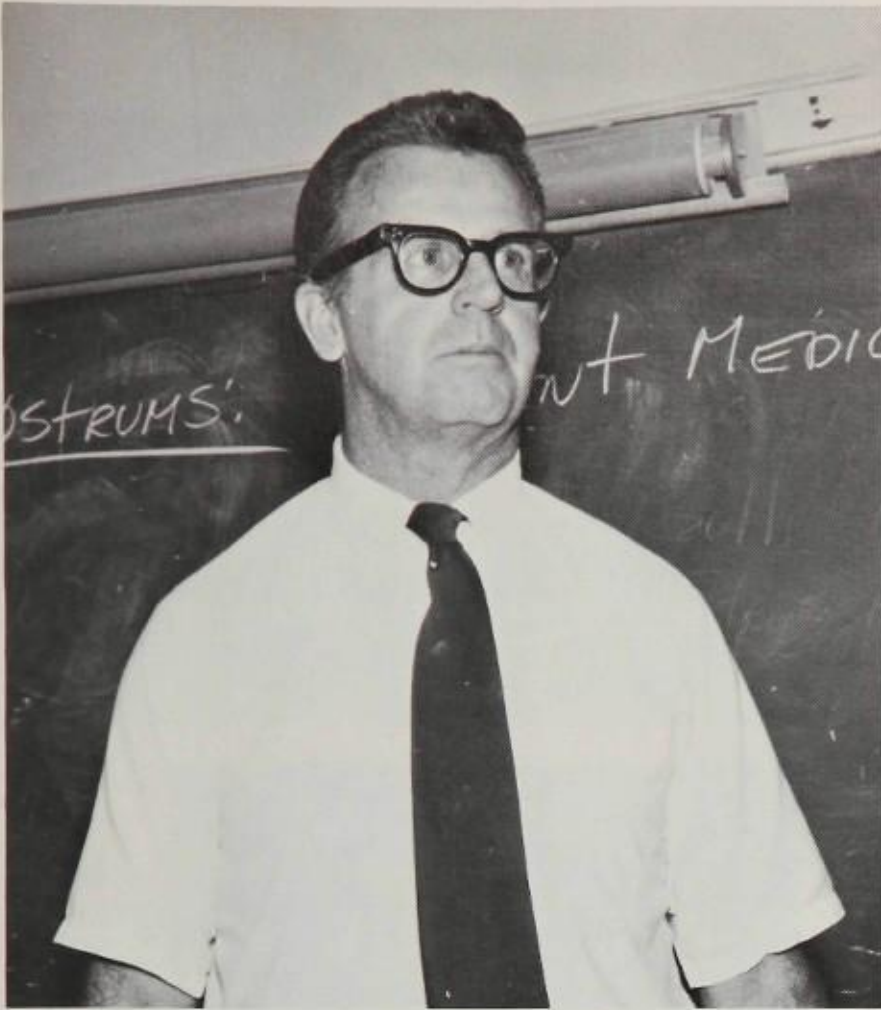

Lawrence T. Cummings — American Studies, U.S. History and Forensic Club Advisor.

Gary Guisso — Political, Social and Economical Systems, Senior Class Sponsor.

Martin Ablesser — Behavioral Sciences, U.S. History.

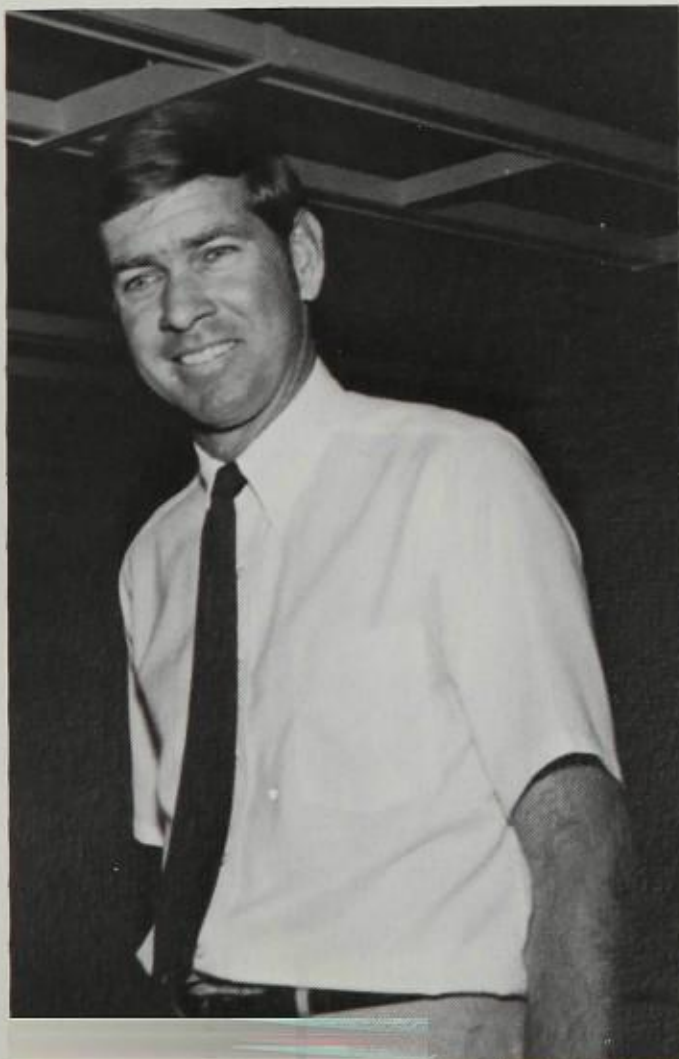

Clyde Dougherty — Geography and State Requirements.

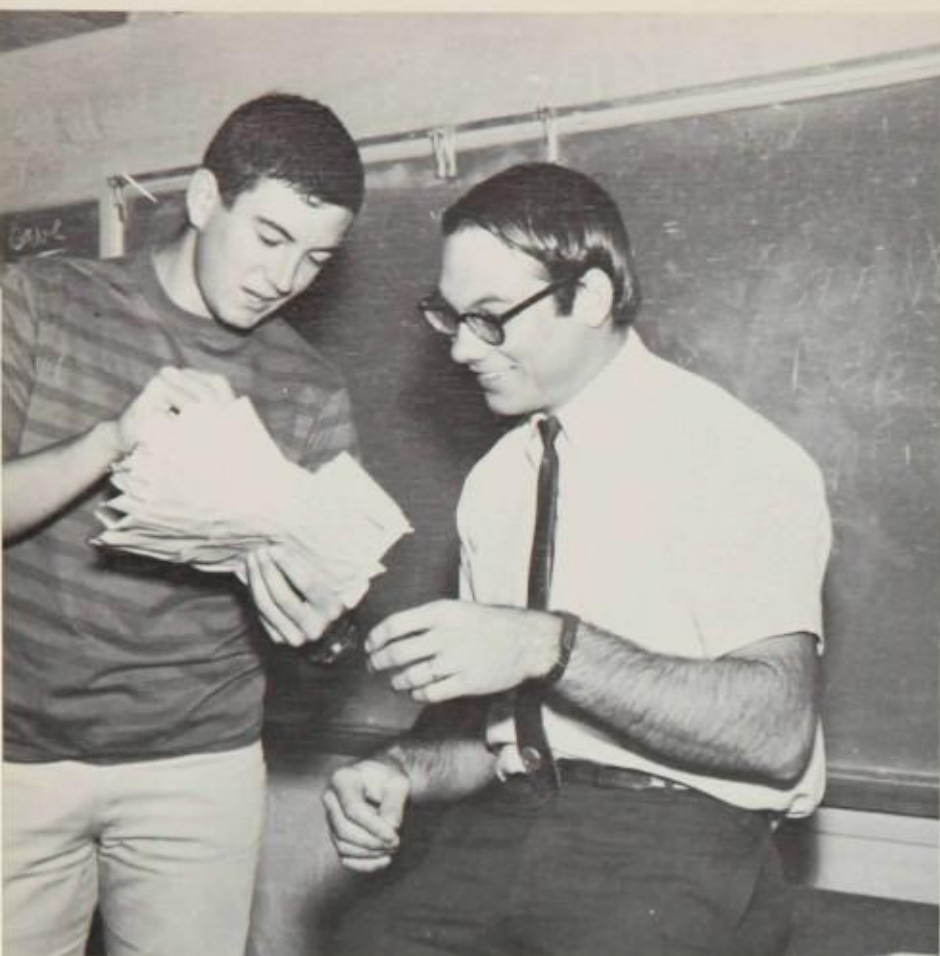

John Stevenson — Geography and State Requirements and Coaching.

Wallace Duffy — World History, Drama.

Terry Crystal — World History, Driver Training, Physical Education, Student Government, Coaching.

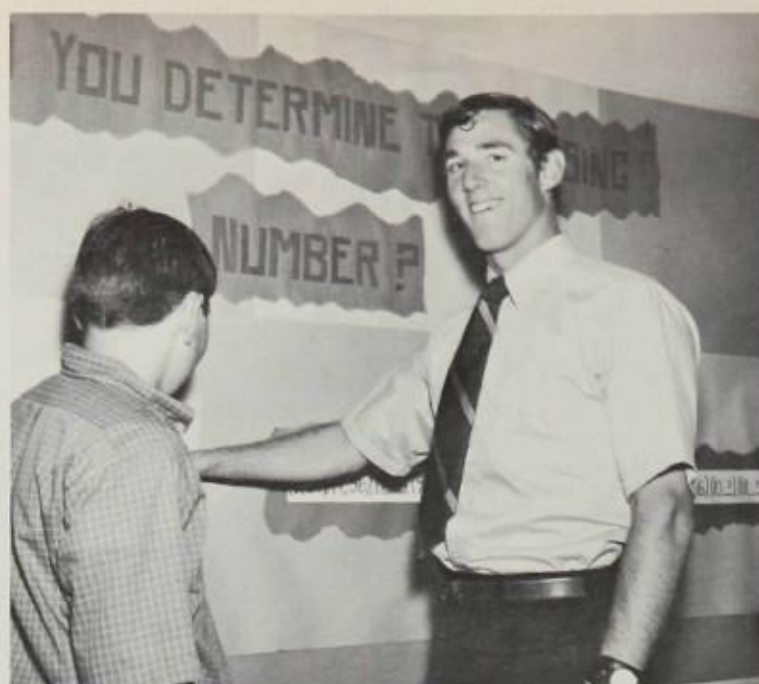

Dick Whittington — Algebra, Geometry.

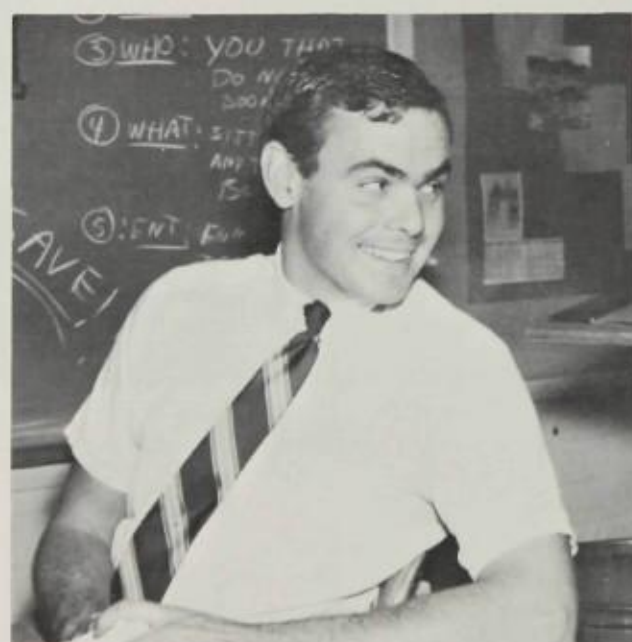

Looking around to our Mathematics Department, we find new faces, new equipment, and a new club.

The Math Team was formed by Mr. Woodsmall this year to promote thinking and individual development of the mind through mathematics.

We have new mathematics teachers this year; Mr. Woodsmall, Mr. Whittington, Mr. Newell and Mr. Minner, all aiding students to challenge and understand this field of abstract concepts.

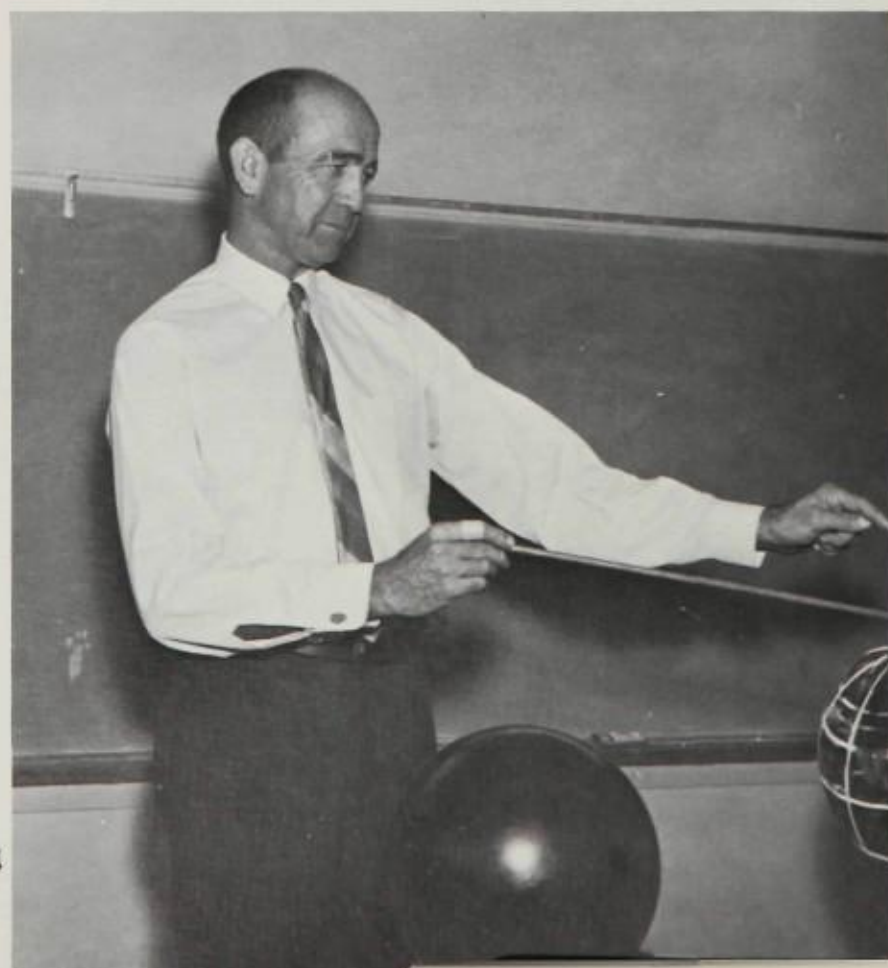

Steve Newell — Math I, Algebra, Coaching.

Don Woodsmall — Algebra, Foundations of Math, Math Team Advisor.

Robert Thorsen — Geometry, Math Analysis.

Doug Minner — Algebra, Foundations of Math, Coaching.

Margaret Potter — English III, Latin, Latin Club Advisor.

Look Around! Miren alrededor!
Look Around! Circumspectate!

Foreign Language students look around to see what other countries are doing — to learn more about another culture — to understand our neighbors, both across the border and across the sea. El Segundo High School offers four languages this year; Spanish, French, German, and Latin. Listening centers, complete with earphones and tapes, enable students to hear the foreign language spoken by a native of that land. Advanced classes read famous literary selections. Field trips to Puada Hills or a foreign movie, Language Clubs and a Language Christmas Party all help to promote enthusiasm among the foreign language classes at El Segundo High School.

Sherry Pierce — Spanish.

Neva Hitchcock — Spanish.

Yvonne Adler — German, German Club Advisor.

Beth Wolf — French, French Club Advisor.

Anthony Hess — Business Math, Typing, Pilot and Navigation.

"DON'T look" ... at the keys, that is, or so says the Business Education Department as they train students to type, to use the keypunch, the PBX teletype, and the telephone switchboard as well as the taped telephone exchange. Besides these machines students achieve skills in typing, shorthand and bookkeeping that will enable them to find employment in the Business World. The Work Experience program offers upper classmen a chance to gain practical experience as well as school credit as they find jobs in the surrounding communities. Look out, World, here come the Business students of E.S.H.S.

James Anderson — Business Math, Business Practice.

SCROC — Southern California Regional Occupational Center — also trains selected students from El Segundo in some trade such as welding, dental assistant, and many others. These students attend the center which is located in Torrance for three hours a day. Upon completing the requirements for their trade, Scroc students are qualified to seek employment to use their skills.

Milton Olson — Typing and Bookkeeping.

George Hall — Business Practice, Work Experience, SCROC.

Velma Morgan — Typing, Shorthand.

Pamela Dokken — English II, Bay Eagle Advisor, Journalism.

Virginia Petty — Math, English I, Epsilon Sigma Advisor.

Moonyeen DeSmidt — English II, IV, Rhetoric.

Richard Peterson — English II, III, World Literature, Junior Class Advisor.

William Watkins — American Studies, World History, English II.

"Hey, look us over" say the two new classes of the English Department this year. World Humanities, a combination of Sophomore English and World History, is offered to students of English II. Here students learn to relate the events of World History to the literature and art and music of the time. The other new class is Rhetoric, a class which is offered to Seniors as a substitute for one semester of English IV. In this class students learn to study style in writing.

Besides the regular English classes El Segundo High School offers the students World Literature, Speech, Journalism, Reading, and American Studies, a class offered to Juniors which combines American History and American Literature.

The English Department emphasizes correct writing and literary appreciation. Skills in communication are stressed in all classes as students and teachers alike look around for a deeper understanding of mankind and his problems.

Two important classes in this department are the Bay Eagle and Annual. The Bay Eagle is the student newspaper which is produced by the students of that class and appears on campus approximately once every two weeks. The Annual class is responsible for the Golden Eagle, the school yearbook. Although these two classes require a lot of time and work, the end result is worth it.

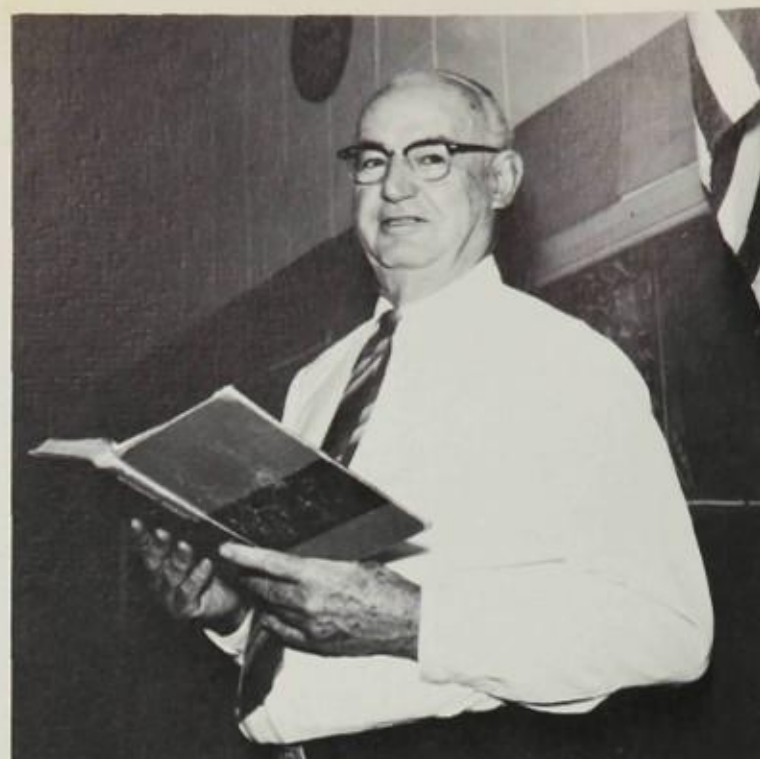

Kathryn Peterson — Speech, English IV, GOLDEN EAGLE Advisor.

Phil Gingrich — Stage Crew, Metal shop, Wood shop.

Karl Barmore — Mechanical Drawing, Wood shop.

Girls in Shop Classes? Yes, a feminine touch has been added to the Industrial Art area in the new Home Mechanics Course for girls, offered the first time this year. Here girls learn to repair leaky faucets and change flat tires! Auto Mechanics is another new course offered this year. Skills requisite for industry and profitable hobbies are included in the wood shops and metal shops courses. We learn by doing and looking!

Phillip Wood — Design Crafts, Ceramics.

Jewell Smith — Wood shop, Home Mechanics.

Ed Chandler — Metal shop, Power Mechanics.

Willard Harden — Biology and Biology Club advisor.

Science courses offer students a variety of interests at El Segundo. Biology I, Earth Science, and Life Science are available for the Freshmen. Upperclassmen may choose from Biology II, Chemistry, Physics or Biology Lab Assistant which offers individual project work. New classes offered in the Science Department this year included Photography and Piloting and Navigation. Students showed a tremendous amount of interest in both of these classes.

Cecila Gelinas — Chemistry, Physics, Photography.

Tom Felix — Biology, Life Science, Assistant Football Coach.

Scientists constantly look around and observe life around them. Our Science courses at El Segundo High School encourage students to do the same and to delve into new and unknown topics as well. They also touch upon the fundamental facts of science used in everyday life. These courses help students to understand the physical world they live in and the little things that make up life. Knowing the theory or reason behind the little things helps us to notice the bigger things in life.

Bill Morgan — Life Science, C's Basketball Coach.

Richard Tash — World Humanities, Piano, American Studies, Varsity and Stage Band.

Dianne Klemm — All Chorus classes, Harmony.

Dodie Daoud — Art, Jewelry, American Studies.

Self-expression through the fine arts courses is emphasized at El Segundo High School. Ceramics, jewelry making, drawing, crafts and music encourage students to create and to develop the aesthetic part of their mind and body. With some instruction and suggestions, students of these fine art classes have produced some truly creative jewelry and art, as well as clothing, and the fine sounds of music add to the enjoyment of all students.

Daniel Jeldum — Art, Design Crafts.

Nanette Fisher — Homemaking.

John Hale — Co-ed Weight Training, Physical Education, Track & Football Coach.

Sandi Berhmann — Drill Team Advisor, Physical Education

Skill and participation in group and individual activities are an exciting part of the physical education and sports scene. Students can hit a baseball, kick a football, or run a mile and observe the sights and sounds of nature and life around them. Physical fitness is also a vital part of these classes, as the Co-Educational Weight Training Class will testify. Girls Athletic Association and Modern Dance offer an opportunity for girls to join in the enjoyment of sports and to create through dance.

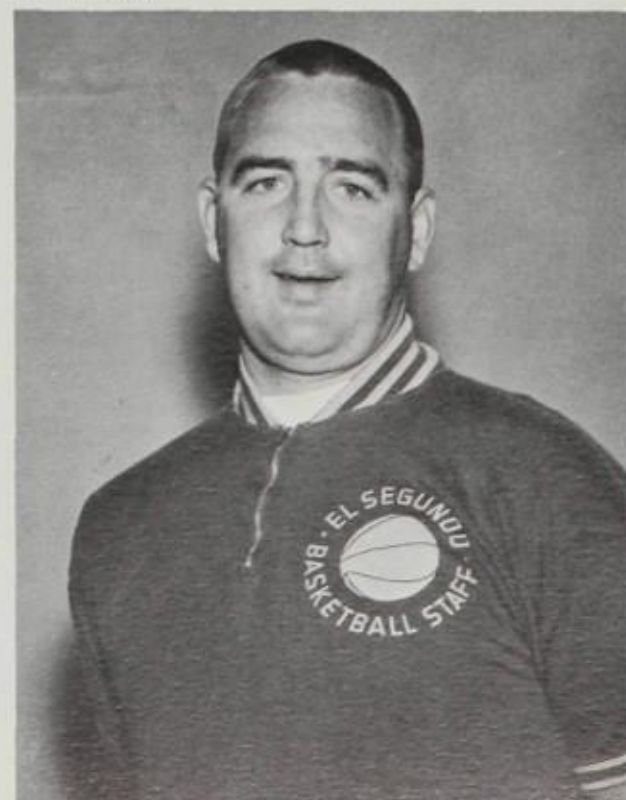

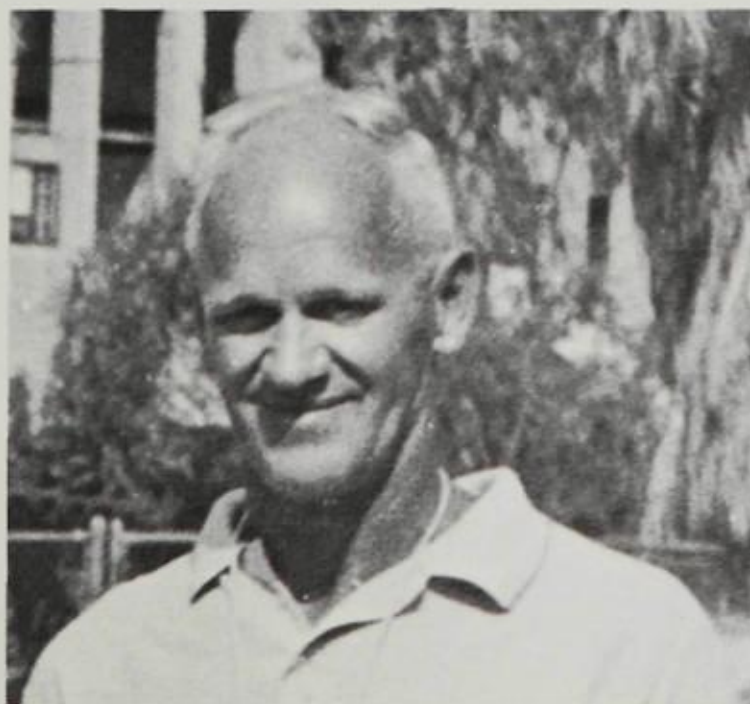

Fritzi Holmes — Modern Dance, Physical Education, Orchesis Advisor

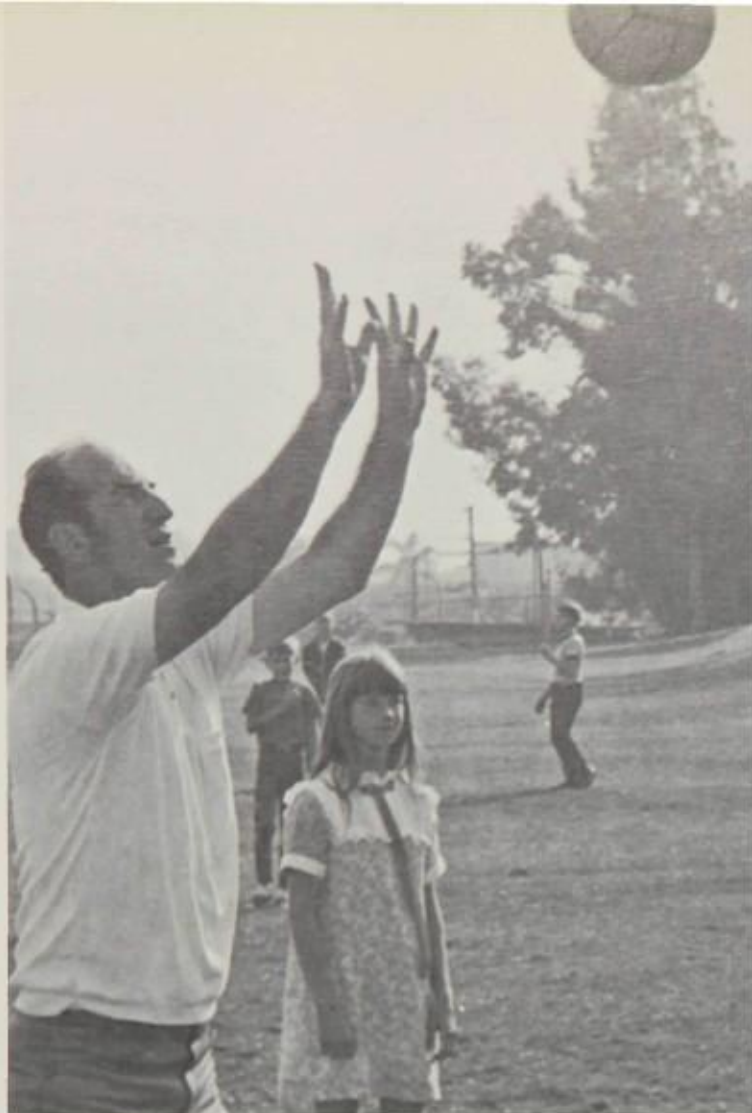

Barbara Gibbs — GAA Advisor, Physical Education

Urho Saari — Water Polo, Swimming

Dwight Jones — Physical Education, Coaching

Robert Morris — Athletic Director

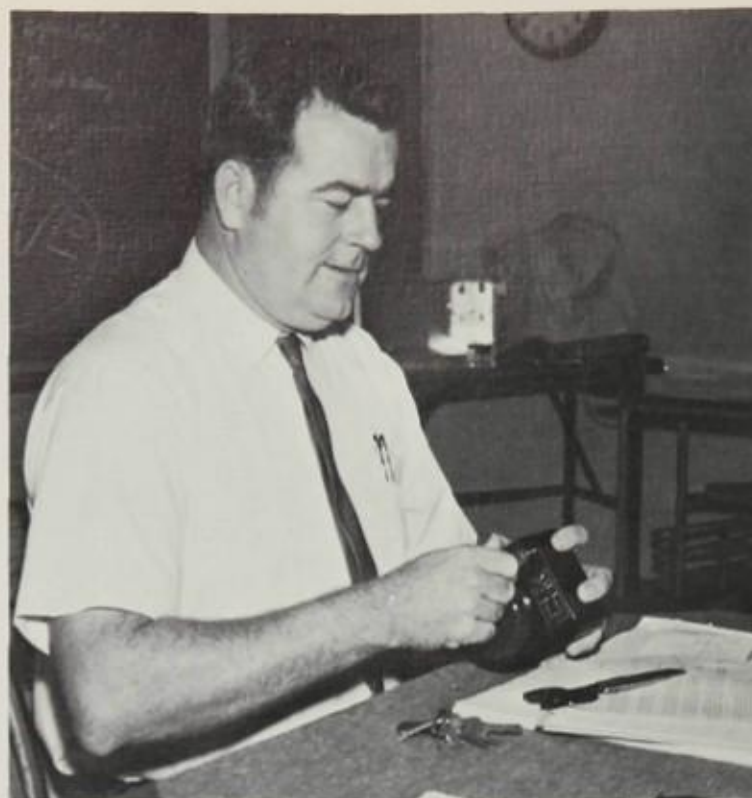

Along with the traditional classes, El Segundo High School offers special classes for various students, and along with this, special teachers. Mr. Robert Morris was promoted to Physical Education Director which involves coordinating the entire physical education program for the district. Mr. Dick Carter and Mr. Doug Henderson serve as Special Education teachers. Mr. Henderson's photography classes helped the Bay Eagle and Annual Staff with pictures. Jack Wilson, Curriculum Coordinator, was instrumental in organizing and starting the new World Humanities and American Studies classes. Fred Sorkin, the reading specialist, worked with the poor readers as well as the "power readers". Also certainly very important to any student was the Driver Training teacher, Bob Conner. He instructs students very consciously to say LOOK AROUND!

Special teachers in Special Classes are very special indeed!

Robert Conner — Driver Training

Doug Henderson — Special Education

Cafeteria Staff preparing lunch for hungry students.

Bus Driver, Frank Harris

Looking around, one could not say the students of E.S.H.S. go hungry ... thanks to the efficient job of the cafeteria women whose friendly faces warm even the coldest appetites. Keeping the campus clean and mopping up after milk fights is just a small part of the duties performed by the custodians, and driving those big, yellow busses to athletic events and field trips is just another service of our bus drivers. Without these very essential and efficient people to look after us, we students would probably never make it through a day of school. Thanks, all!

Advertising pays great dividends-especially in the Golden Eagle, where students and faculty look around to see what is happening today. Mike Duvall wonders why we have fences-dress code- and if the right advertising might eliminate both. Cindy Cunningham and Sandi Crichton look over the ad sales for the 1970 Golden Eagle-sure that these ads will be read by all. Brad Hancock tries to camouflage himself as a tree-Robbyn Bailey smiles at her brother,

Scott, as he begins his first day of school since his recovery from surgery earlier this year. Dan Herman thinks advertising is a pleasant way to publicize the prom too. Cindi McMullin and Glenda Pagett show E.S.H.S. school spirit with a "big" smile for all advertisers while Mr. Tash takes a break between classes. Perhaps it all begins and ends with "70" Rules — the best advertising yet.

swing into the '70's

from the editor

I can't begin to thank each member of my staff individually because we depended on the help and cooperation of each and every one of us to produce the 1970 GOLDEN EAGLE.

Everyone has learned much. This year has taught us the importance of dedication to a cause, the joy of a job well done, unity in a group, and we decided that if we couldn't work together as a group, we wouldn't produce the book at all. We have tried to uphold school traditions such as Coronation and school colors. Coronation was huge success, except the color pictures did not come out.

Special thanks to Mr. Peterson who spent many hours compelling us to do everything the "right" way instead of the lazy way; to Roberts Photography Studio and Mr. Fitch for taking senior portraits and the majority of our candid pictures; to American Yearbook Company for general production; to Mr. Henderson and his photography classes for "rush" pictures we needed; to Mr. Howard, our yearbook representative; and to Mr. Kingston and Mrs. Evans in the Activities Office for putting up with eighteen Annual members throughout the many crises during the year.

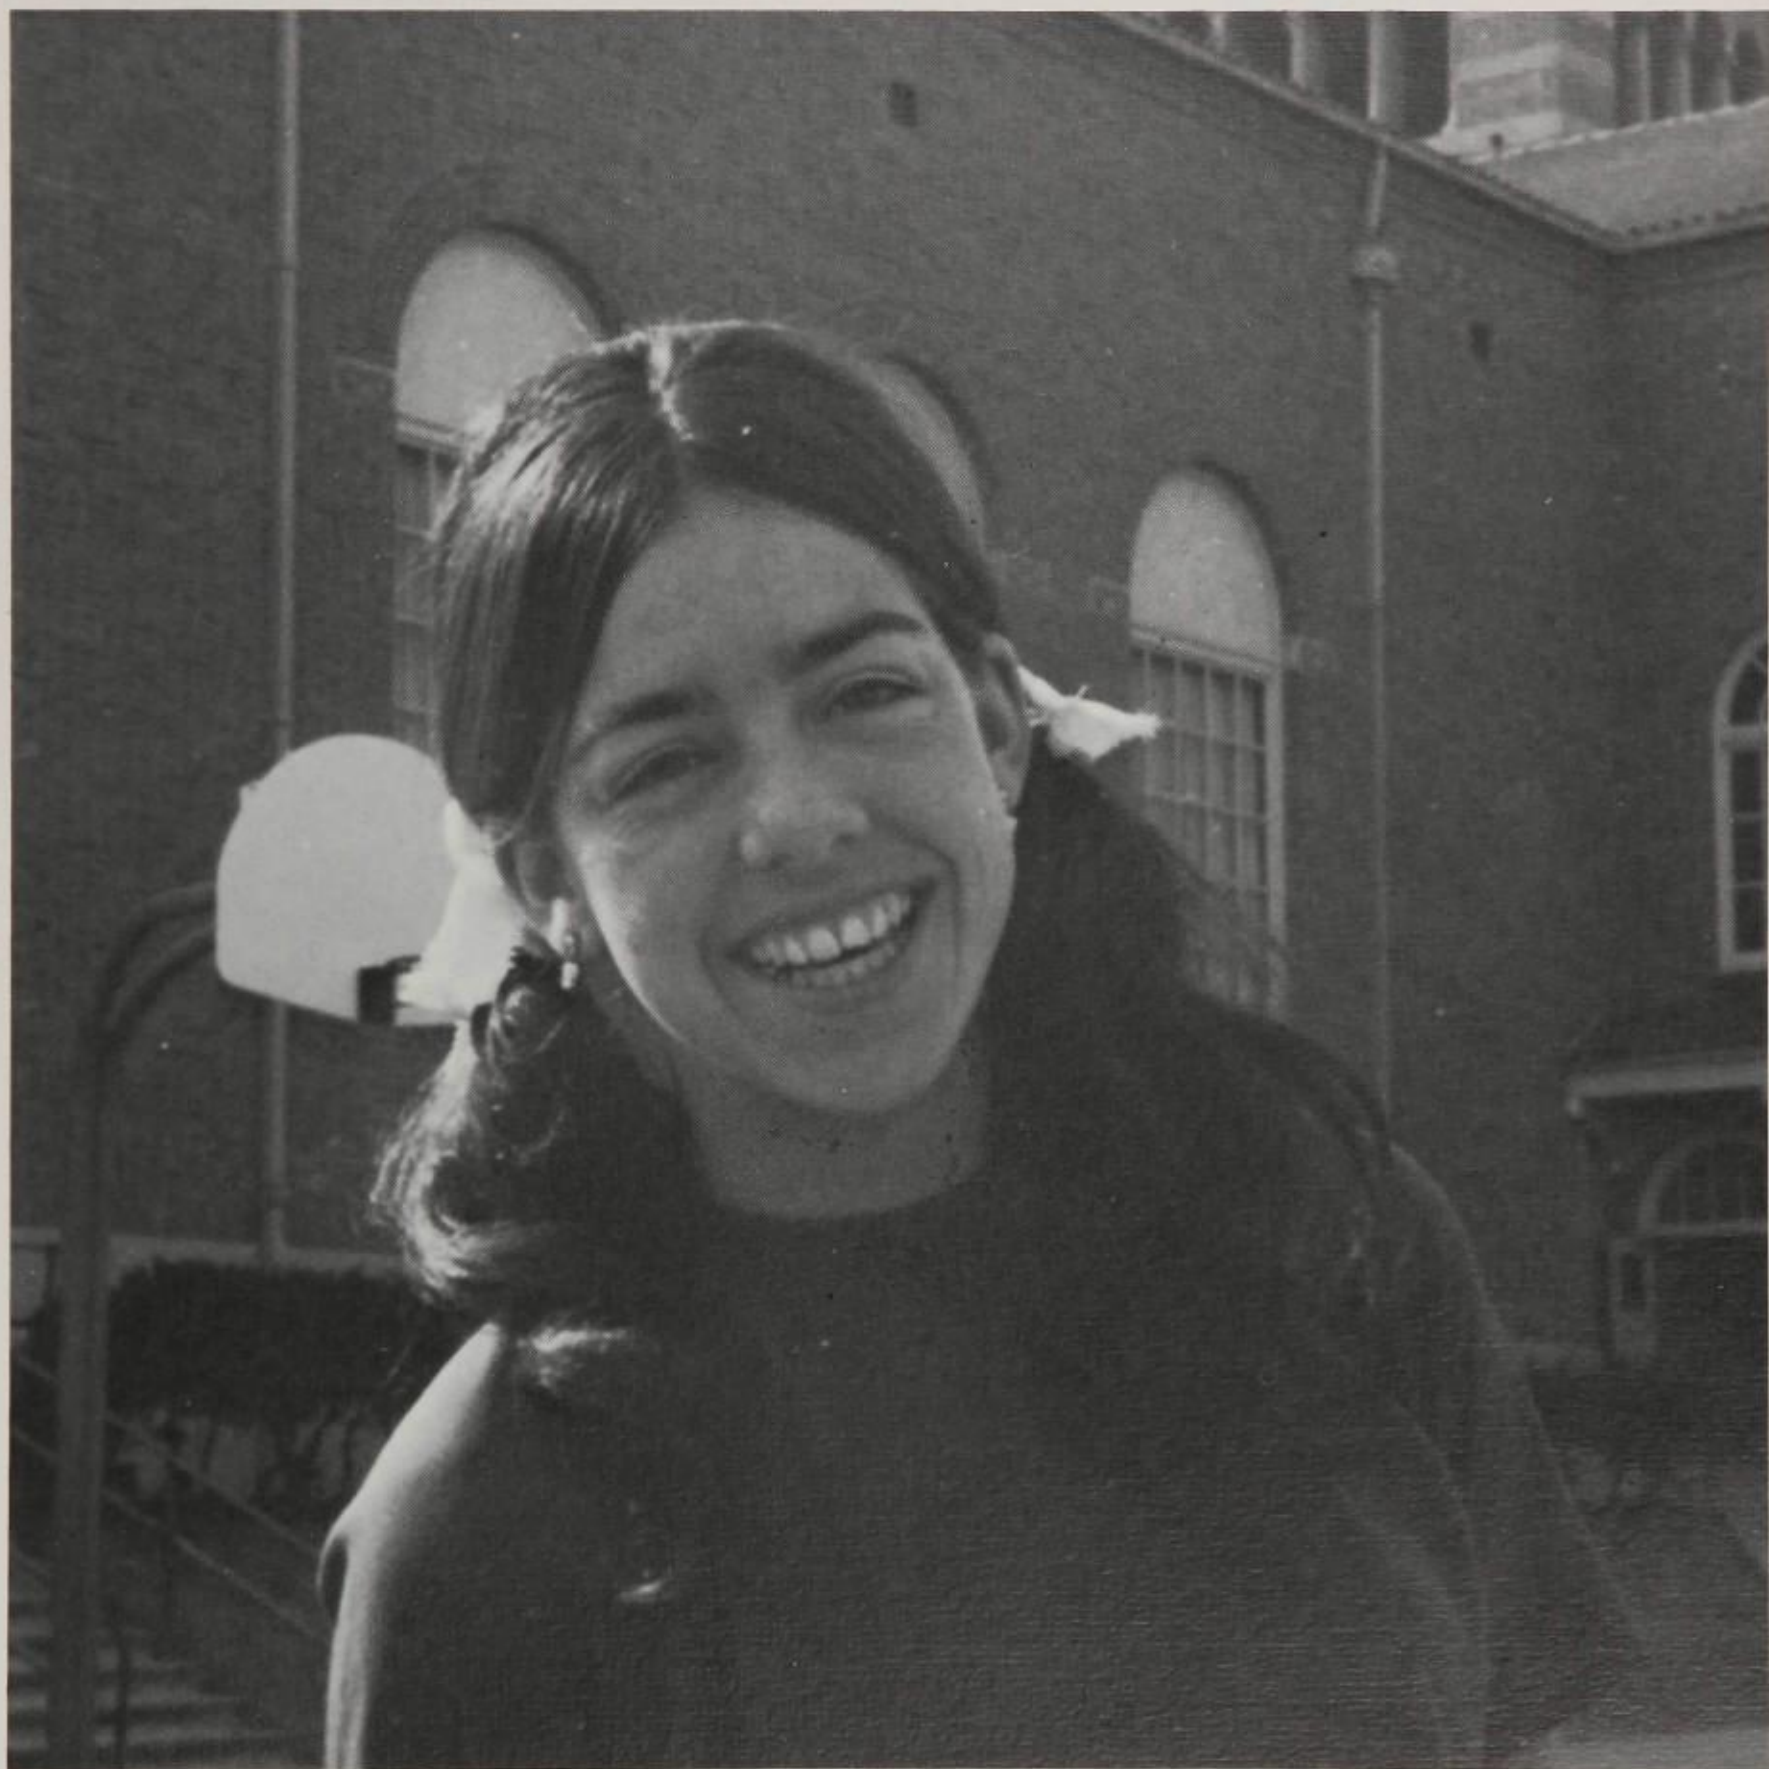

Jan Krekemeier

You have looked around and seen the Golden Eagle memories for 1969-70. Classes, Clubs, Activities, Students, Teachers, and Sports — all a part of yesterday in life at E.S.H.S. One last look at the happenings and the people of the year is offered in Index which acts as a guide for recalling what was happening then. Dick Kessner, Michelle Ramsey and Janice Murphy at a Junior Class Meeting; Noel Gutierrez and Maria Valles dancing at the Coronation Ball recall some of the more pleasant memories of school life. Lisle Randall remembers his broken leg and the autographs of classmates on his cast-and looks forward to better days. Kevin McGary and Jeff Franklin look around for a new year of excitement and fun at E.S.H.S. while Seniors Herb Jewell and Steve Ray look back with fond memories of lunch in Senior park. The House of Representatives see band uniforms made possible through their efforts on the annual Carnival and selling license plate holders. Senior Loree Williamson's face reflects the tinge of sadness of the thought of leaving old friends at E.S.H.S. for new horizons of the future-but Maggie Matthews smiling face assures us that the last look around at E.S.H.S. is a happy one indeed.

The Golden Eagle sees today with yesterday's memories and tomorrow with those of today! Look Around! So will you!
